THE PRESIDENCY

Bureau of Public Procurement (BPP)

VISION

Building and Sustaining an
Efficient Country Procurement System
that meets International
Best Practices.

MISSION

Ensuring a Public Procurement process that
Guarantees Transparency,
Efficiency, Competition, Integrity and
Value-for-Money to support
National Growth and Development.

His Excellency,
Muhammadu Buhari, GCFR

President, Commander-in-Chief of the Armed-Forces
Federal Republic of Nigeria

His Excellency,
Prof. Yemi Osinbajo, SAN, GCON
Vice President,
Federal Republic of Nigeria

Boss Mustapha
Secretary to the Government
of the Federation

Mrs. Winifred Ekanem Oyo-Ita, CFR

Head of Civil Service of the Federation

Mamman Ahmadu , FNIQS

Director-General, Bureau of Public Procurement (BPP)

NATIONAL ANTHEM OF NIGERIA

Arise, O compatriots,
Nigeria's call obey
To serve our fatherland
With love and strength and faith
The labour of our heroes past
Shall never be in vain
To serve with heart and might
One nation bound in freedom,
Peace and unity.

Oh God of creation,
Direct our noble cause
Guide our leaders right
Help our youths the truth to know
In love and honesty to grow
And living just and true
Great lofty heights attain
To build a nation where peace
And justice shall reign

NATIONAL PLEDGE

I pledge to Nigeria my country
To be faithful, loyal and honest
To serve Nigeria with all my strength
To defend her unity
And uphold her honour and glory
So help me God.

INTRODUCTION

2017: BPP - The New Frontier in Public Procurement Process.

Of course, it is an open secret all over the world, not peculiar to just our clime, that the government is the highest single spender everywhere in the world. This is done through public procurement for the sake of national growth, infrastructural development and creation of wealth for the people. This spending is not just about the primordial purchase and supply as had held sway back in the days, but public procurement reform (in Works, Goods and Services) to usher in good governance, where transparency, competition, level playing field and value for money take centre stage in the scheme of things within government business.

That the Bureau has been taking giant strides over time in line with its mandate to ensure that the public procurement reform achieves the dividends for which it is meant cannot be overemphasised. With respect to the current administration of Mr. President Muhammadu Buhari, GCFR, the Bureau is further poised to resonate the core values of the administration on the “Change Agenda mantra” in its response to requests from the MDAs to ensure a sustainable national developmental growth through a robust best practices in public procurement process obtainable in sane climes.

Fundamentally, with the PPA 2007, in effect, the reform so far has brought value to the economy of the nation, saving Nigeria a lot of money that ordinarily would have been lost to underhand activities. The public procurement reform drive is an added value to the “Change Agenda” that has zero tolerance for corruption. As the Director-General of BPP, Mamman Ahmadu and his team are working assiduously to ensure the success of the reform, a couple of programmes and activities were scheduled to enliven the reform process.

In the series of programmes and activities lined up in the Bureau for the overall success of the reform is the Conversion training programmes, and other specific trainings for procurement officers in the public procurement research centres (PPPRC) in some of the affiliated universities, such as FUTO, ABU, and UNILAG. These Centres are designed for capacity development and to equip practitioners with composite and requisite skill to be able to drive the reform. And the different retreats at the different levels of Government, the Perm Secs, the CEOs of Agencies, Parastatals, Commissions and Government-owned Corporations, Directors, and Heads of Procurement Departments, Units

and or Divisions that are BPP Certified are sacrosanct to the capacity development needed to achieve the best of the reform.

The Bureau is also increasing its tempo in the process with e-procurement growing, while the Classification and Categorization of Contractors into the classes of professionalism they belong is ongoing as well. It is not in doubt that diligence has its rewards. The Bureau witnessed in the year 2017 major landmarks that brought international recognition on the basis of the hard work undertaken by the DG and his team. There is the Open Government Contracting Award from the United Kingdom on the heels of the fantastic work the Bureau is undertaking in the public procurement reform. This gives credence to the doggedness of the members of staff in forestalling corruption in government. This, as it were, has become a benchmark for the other nations of the world.

MILESTONES

Inter-Agency Collaborative Activities

1. The Bureau worked on the Inter-Ministerial Technical Working Group on Implementation of Executive Order – 03 to develop the Implementation Guidelines for the EO-03 in collaboration with many MDAs coordinated by the Federal Ministry of Industry Trade & Investment (FMITI). Consequently, the BPP issued a Circular on “Implementation of Executive Order – 03 “Support For Local Content In Public Procurement By Ministries, Departments And Agencies (MDAs) of The Federal Government Of Nigeria”: Local Content Solicitation Procedures And Documents” to guide all procuring entities in implementing the EO-03.
2. BPP also worked with the Enabling Business Environment Secretariat (EBES) of the Presidential Enabling Business Council (PEBEC) on implementation of a number of procurement reforms
3. Implementation of Open Government Partnership (OGP) The Bureau with the support of the United Nations Development Programme (UNDP) trained of over 40 Civil Society Organisations (CSOs) working on accountability and transparency on Access to Information on 'Open Contracting and how CSOs can use it for procurement monitoring'. This training resulted in the inauguration of the Public Procurement Monitoring Working Group (PPMWG)

Open Contracting Government Innovation Award

in 2015 with Memorandum of Understanding (MoU) signed and targeted towards strengthening monitoring and reporting on public finance expenditure by citizens at all levels. The PPMWG co-created with the BPP in the development of the Nigeria Open Contracting Portal (NOCOPO), ensure its effectiveness, active operation and interoperability with other data banks such as the Beneficial Ownership (BO) being developed by CAC, its sustainability and citizens access it. (BPP & PPMWG) It is still an ongoing process. This held in June, 2017.

Initiative (NEITI). The second NOCOPO training, which was organised by BPP and had Open Contracting Partnership and One Campaign facilitated, was held on 12th October, 2017 for procurement officers within the eight (8) pilot sector to train them on Open Contracting Data Standard (OCDS) Use Cases as applicable to government/procurement officers and features of NOCOPO.

4. In line with this commitment, the PPMWG has been revitalized to partner with the organized private sector to effectively engage with BPP to fully implement platform, interface with priority MDAs implementing open contracting and sensitize the public on the platform, its existence and usefulness in improving service delivery, good governance and social welfare. In this regard, a meeting was held on 12th October, 2017 at BPP's office to discuss modalities for engagement.
5. The Bureau trained Heads of Procurement Departments MDAs within the priority sectors on the Open Contracting and the features of NOCOPO on 23rd of August, 2017. Institutions trained included Federal Ministry of Health; National Primary Health Care Development Agency (NPHCDA), Federal Ministry of Education, Universal Basic Education Commission (UBEC); Federal Ministry of Power, Works & Housing, Ministry of Petroleum Resources, Nigeria National Petroleum Corporation (NNPC) and Nigerian Extractive Industries Transparency Initiative (NEITI).
6. The BPP and PPMWG collaborative initiative on NOCOPO won a global Government Innovation Award in June, 2017 following an Open Contracting Innovation Challenge organised by the duo of Open Contracting Partnership and Open Data Institute (Web source: <https://www.open-contracting.org/news/government-innovation-award-winner-six-grand-prize-finalists-open-contracting-innovation-challenge-announced/>)
7. The BPP, represented by Mr. Aliyu E. Aliyu and Mr. Mokuolu Adesina, was presented the Global Innovation Award at the 2017 Global Open Contracting Conference in November, 2017 at Amsterdam, Netherlands
8. The BPP team was invited by Sierra Leone Transparency International to conduct a Peer learning & Experience sharing for Sierra Leone OGP on implementation of Open Contracting Commitment of their OGP, held on 22 November, 2017 at Freetown, Sierra Leone.
9. Participated in the Country Peer Review of Implementation of the United Nations Convention Against Corruption (UNCAC) by Cote d'Ivoire and Myanmar at HAGF Conference Room, Federal Ministry of Justice, Abuja held on 10th to 12th May, 2017

**COURTESY VISIT OF THE CHIEF OF ARMY STAFF, LT.
GEN. T.Y. BURATAI TO THE BUREAU, 23RD OCTOBER, 2017**

***“Welcome to the Bureau” DG BPP, Mamman Ahmadu to
COAS, Lt-General T.Y. Buratai***

This visit is very simple but significant in a number of ways – it is in October, it coincides with the birthday of the DG, which is in October, and the anniversary of the assumption of office by the DG which also is in October;

It is not in doubt that the Public Procurement Reform has come of age. The august visit of the Chief of Army Staff in the month of October (23/10/2017) to the Bureau was a decisive factor to that fact. The visit of Lt. Gen. Tukur Y. Buratai underscores the importance the Nigerian Army (NA) attaches to ensuring that its procurements are conducted in line with the provisions of the Public Procurement Act, 2007.

Despite the power and authority the military wields, it does not consider itself above the law rather, the visit of the COAS and his delegation was to further consolidate the collaboration with the Bureau, to walk in tandem with all the entrenchment of the PPA 2007.

Public Procurement Process being rather popular with the MDAs got an unusual boost with regards to this visit. The military's recognition of the significance of the Bureau of Public Procurement in the entire reform process is commendable.

As a follow up, the 1st and the 2nd Procurement Retreat conducted in 2017 and 2018 respectively by the NA is a testimony of their commitment to procurement Reforms. These retreats featured presentations and discussions that

were targeted at throwing light on the sections of the Public Procurement Act, 2007 that were gray to the NA. Emphasis was laid on achieving best value for money fitness for purpose in the procurements of the NA which were observed to be usually involving huge sums in offshore currencies.

The COAS emphasized the fact that the visit was meant to say a very big thank you to both the DG and the Bureau for the directions and guidance in an effort to streamline the “due process” followed in the procurement of the Army. And to equally say Congratulations to the DG for his well-deserved appointment as the substantive Director-General of the Bureau.

He further expressed the need for a stronger relationship and called for continuous partnership between the Nigerian Army and the Bureau to continue to share information not only with the Army Head Quarters but also across other formations of the Nigerian Army and unit. In his words, he said, “I have directed already that each division of the Nigerian Army should have a Procurement desk in their Head Quarters. This is to ensure that the due process is not only complied with in the Army Head Quarters but also across the formations where they have quite a number of Procurements they have to carry out”. However, he also informed the management and staff of the Bureau to be rest assured that the Nigerian Army will continue to comply with all the provisions of the Act. The COAS reiterated that the Nigerian Army is one of the Institutions that complies with due process require in our country's system indeed in our Procurement Process.

Chapter 1

BPP AT A GLANCE

Background

It became an urgent necessity in Nigeria to reform the Public Procurement system following a World Bank Country Procurement Assessment survey conducted in 1999, which revealed weaknesses in procedures fostering widespread corruption. These were having negative consequences on national development, especially in the area of infrastructural development in Nigeria. The Assessment Report revealed that 60k was being lost to underhand practices out of every N1.00 spent by Government. Indeed, an average of ten Billion US Dollars (\$10b) was being lost annually due to fraudulent practices in the award and execution of public contracts through inflation of contract cost, lack of procurement plans, poor project prioritization, poor budgeting processes, lack of competition and value for money and other kinds of manipulations of the procurement and contract award processes.

In order to address the above shortcomings, the Federal Government initiated the Public Procurement Reform as part of its Economic Reform agenda designed to restore due process in the award and execution of federal government contracts. This led to the setting up of the Budget Monitoring and Price Intelligent Unit (BMPIU known as Due Process) in 2001 to implement the Federal Government's Public Procurement Reform Policy aimed at minimizing open abuses to known rules, processes and standards in the award and execution of public sector contracts in Nigeria.

Following the growing Public demand that the reforms are sustained and institutionalized with legal backing, a Public Procurement Bill was articulated in 2003/2004 by the Leadership of BMPIU and presented to the National Assembly. The Public Procurement Bill was thereafter passed by the National Assembly on the 30th of May, 2007 and subsequently signed into Law by Mr. President on the 4th of June, 2007.

The Public Procurement Act 2007 established the Bureau of Public Procurement as the regulatory authority responsible for the monitoring and

oversight of public procurement, harmonizing the existing government policies and practices by regulating, setting standards and developing the legal framework and professional capacity for public procurement in Nigeria.

The Mandate of the Bureau

The Bureau of Public Procurement (BPP) is a regulatory body established under the Public Procurement Act, 2007 which came into operation on June 4th 2007 with the signing of the Act into law. The objectives of the Bureau are:

- a. Harmonization of existing government policies and practices on public procurement and ensuring probity, accountability and transparency in the procurement process ;
- b. Establishment of pricing standards and benchmarks;
- c. Ensuring the application of fair, competitive, transparent. value-for money standards and practices for the procurement and disposal of public assets and services ; and
- d. Ensuring the attainment of transparency, competitiveness, cost effectiveness and professionalism in the public sector procurement system.

The purpose of the Public Procurement Act 2007 is to establish procedures for procurement and disposal of unserviceable, obsolete or surplus store and equipment by public entities in order to achieve the following objectives:

- i. Maximize economy and efficiency;
- ii. Promote competition and ensure that competitors are treated fairly;
- iii. Promote the integrity and fairness of those procedures;
- iv. Increase transparency and accountability in those procedures;
- v. Increase public confidence in those procedures and
- vi. Facilitate the promotion of local industry and economic development.

Arising from the above, the mandate of the Bureau is to ensure that procurement procedures and regulations are complied with as established under the Public Procurement Act, 2007.

The Functions of the Bureau

The functions of Bureau are set out in Section 5 of the Public Procurement Act 2007. These are to:

- a. Formulate the general policies and guidelines relating to public sector procurement for the approval of the Council;
- b. Publicize and explain the provisions of this Act;
- c. subject to thresholds as may be set by the Council, certify Federal procurement prior to the award of contract;
- d. Supervise the implementation of established procurement policies;
- e. Monitor the prices of tendered items and keep a national database of standard prices;
- f. Publish the details of major contracts in the procurement journal;
- g. Publish paper and electronic editions of the procurement journal and maintain an archival system for the procurement journal;
- h. Maintain a national database of the particulars and classification and categorization of federal contractors and service providers;
- i. Collate and maintain in an archival system, all federal procurement plans and information;
- j. Undertake procurement research and surveys;
- k. Organize training and development programmes for procurement professionals;
- l. Review, periodically, the socio-economic effect of the policies on procurement and advice the Council accordingly;
- m. Prepare and update standard bidding and contract documents;
- n. Prevent fraudulent and unfair procurement and where necessary apply administrative sanctions;
- o. Review the procurement and award of contract procedures of every entity to which this Act applies;
- p. Perform procurement audits and submit such report to the National Assembly bi-annually;
- q. Introduce, develop, update and maintain related database and technology;
- r. Establish a single internet portal that shall, subject to Section 16 (21) to this Act serve as a

primary and definitive source of all information on government procurement containing and displaying all public sector procurement information at all times; and

- s. Co-ordinate relevant training programs to build institutional capacity.

Vision

“Building and sustaining an efficient country procurement system that meets international best practices”

Mission

“To professionalize the process of procurement that ensures Transparency Efficiency, Competition, Integrity and Value for Money to support National Growth and Development”

The objectives of establishing the Bureau of Public Procurement are:

1. Harmonization of existing government policies and practices on public procurement and ensure probity, accountability and transparency in the procurement process;
2. Establishment of pricing standards and benchmarks;
3. Ensuring the application of fair, competitive, transparent, value-for-money standards and practices for the procurement and disposal of public assets; and
4. The attainment of transparency, competitiveness, cost effectiveness and professionalism in the public sector procurement system.

Core Objectives

The core objectives of the Bureau are:

- Economic Efficiency
- Competition
- Value for money
- Transparency

Organizational Structure

The Director-General is the Chief Executive and Accounting Officer of the Bureau, and leads on the execution of the policy and day-to-day administration of the affairs of the Bureau. The Bureau has eight (8) Departments and the Office of

the Director-General, which comprises six (6) special units.

The Departments of the Bureau are:

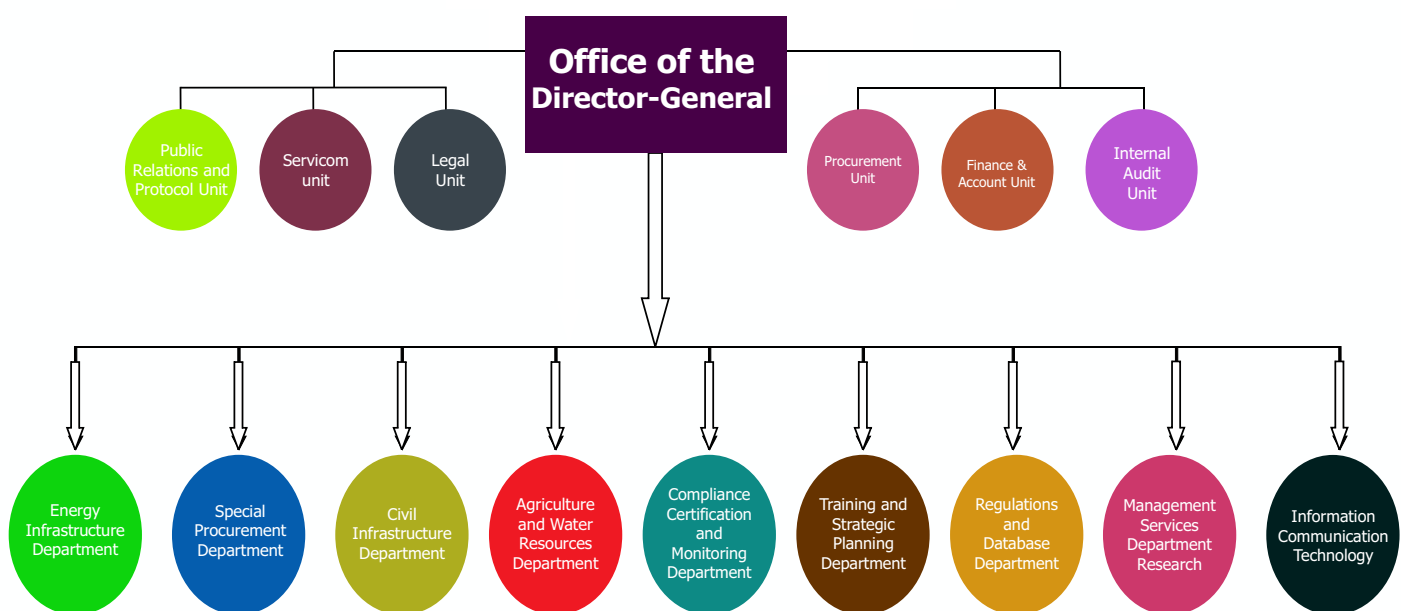

- Finance and Management Services (F&MS);
- Special Procurement (SP);
- Agriculture and Water Resources (A&WR);
- Database and Regulations (D&R);
- Civil Infrastructure (CI);
- Energy Infrastructure (EI);
- Compliance, Certification and Monitoring (CC&M); and
- Research, Training and Strategic Planning (RT&SP).

The seven (7) units under the Office of the Director-General are:

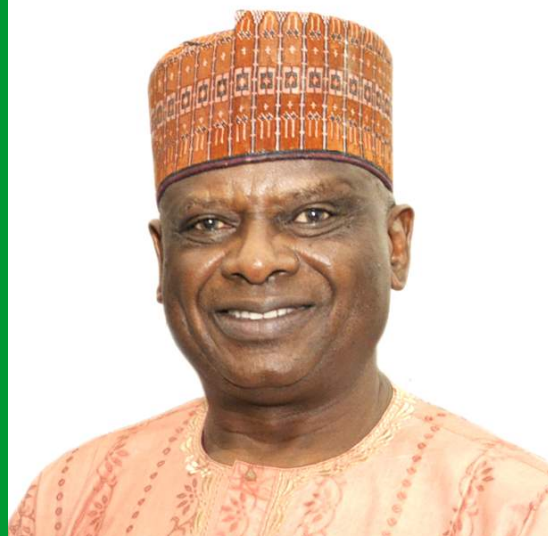

- a. Public Relations and Protocol
- b. SERVICOM
- c. Legal
- d. Procurement
- e. Finance and Account
- f. Information Communication Technology
- g. Internal Audit

The organizational structure is as shown in Figure 1 below:

Assistant Director, Energy
Infrastructure Dept.

Mrs. Amaka Obinna,
Head, Legal Unit

Energy Infrastructure**Introduction**

The Energy Infrastructure Department has a staff strength of Six (6) including the Director. The Staff includes:

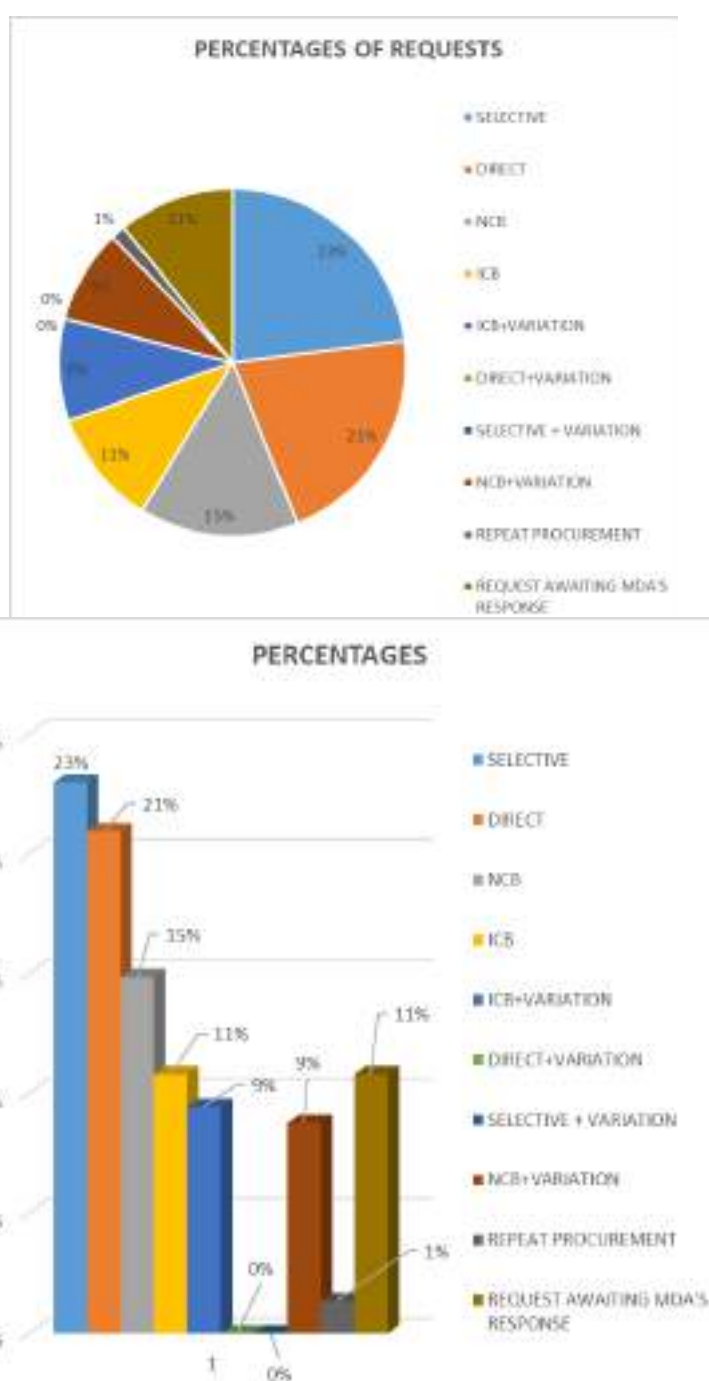

- a. Engr. Babatunde Kuye- Director
- b. Mr. Shaibu Abu Attai- Assistant Director
- c. Engr. Bright Obidi- Chief Procurement Officer
- d. Engr. Ntiego T. Robinson- Assistant Procurement Officer
- e. Mr. Nazir S. Umar- Senior Procurement Officer
- f. Mr. Aminu Zakari- Senior Procurement Officer

Review Reports

In the period under consideration, the Energy Infrastructure Department reviewed 148 requests. Some of the requests were initially sent back to the MDAs for further clarification on issues raised by the Bureau before conclusions were reached. A total of 134 requests were treated and 16 requests are awaiting response from the MDAs. The 134 requests treated were grouped into the 3 procurement categories (Works, Goods and Services). All the 148 requests were from the Federal Ministry of Power, Federal Ministry of Transportation, Ministry of Budget and National Planning, Federal Fire Service, Nigeria Immigration Service, NIPP, TCN, NERC, REA, NBET, NELMCO, NDIC, EFCC, BPE, NSITF and OSGF.

The breakdown of the requests is presented in tables and charts as follows:

S/N	PROCUREMENT METHODS	NUMBER OF REQUESTS	PERCENTAGES
1	SELECTIVE	34	23%
2	DIRECT	31	21%
3	NCB	22	15%
3	ICB	16	11%
4	ICB+VARIATION	14	9%
5	DIRECT+VARIATION	0	0%
6	SELECTIVE + VARIATION	0	0%
7	NCB+VARIATION	13	9%
8	REPEAT PROCUREMENT	2	1%
9	REQUEST AWAITING MDA'S RESPONSE	16	11%
	TOTAL	148	100%

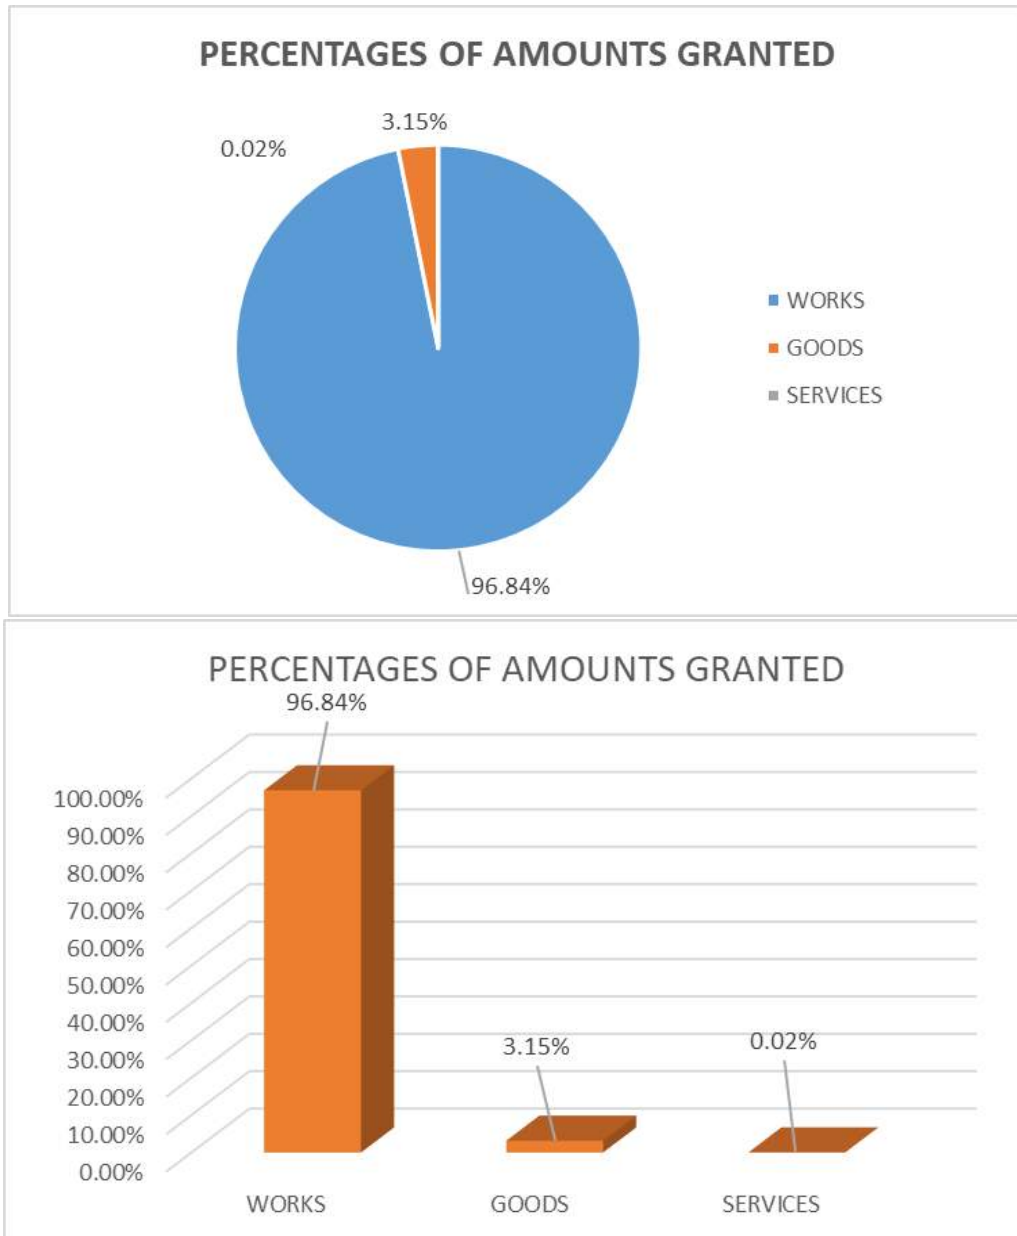

The above breakdown indicates that Selective Tendering constitute majority of the requests.

The details of types of procurement and amounts granted by BPP:

The breakdown of the amounts granted by BPP under the various types of procurement is presented in the table and charts as follows:

S/N	Types of Procurement	Amounts Granted (n)	Percentages
1	Works	1,797,780,004,604.43	96.84%
2	Goods	58,427,498,438.05	3.15%
3	Services	316,360,510.20	0.02%
	Total Amount in Naira	1,856,523,863,552.68	100.00%

Other Official Duties/Activities

Staff were involved in various official activities ranging from Procurement Audit, Supervision of Bid Opening, Training of MDAs and represented the Bureau in various functions outside the office.

Challenges

We encountered the following challenges in 2017:

- Poor Retrieval of files from the Registry resulting in delayed access to vital information;
- PHCN/NIPP, TCN, etc incomplete documentation;

Future Activities/Recommendation

- a. General Procurement survey such as visit to Contract sites
- b. Training in Project Management

Engr. Babatunde Kuye
Director, Energy Infrastructure Department

Special Procurement

Introduction

The Special Procurement Department (SP) is amongst the eight (8) Departments of the Bureau of Public Procurement, responsible for reviewing procurement processes carried out by Ministerial Departments and Agencies (Special Procurement).

In addition to the Department's primary objective of reviewing requests from MDAs to ascertain their level of compliance with procurement guidelines and provisions of the Public Procurement Act, 2007, the professionalism and dynamism of its members allows for their seamless incorporation into other establishment activities. This report highlights the activities and member contributions of the Special Procurement Department from January – December 2017.

The Special procurement department comprises of the following members shown in Table 1.0 below:

Table. 1.0: Members of the Special Procurement Department

S/N	Name	Designation	Grade Level
1	Engr. Eze Obasi	Director	17
2	Ojougboh Nelson	Assist. Principal Procurement Officer	13
3	Salihu Abubakar R.	Assist. Principal Procurement Officer	13
4	Ishima Joseph O.	Senior Procurement Officer	10
6	Adesola Kolawole	Senior Procurement Officer	10
7	Samson Abuya	Procurement Officer II	9
8	Un-Salma Ibrahim	Corp Member	

Primary activities carried out by the department:

The cardinal activities carried out by the Special Procurement Department within the period under review include but are not limited to the following:

- Treating requests from Ministerial Departments and Government Agencies (MDAs) for issuance of Certificate of “No Objection” and approvals for adopting Restricted/Special Methods of procurement.
- Certifying Variation Order (VOR) and Revised Estimated Total Cost (RETC) requests from MDAs on some ongoing projects.
- Treating Petitions in collaboration with the other relevant departments;
- Members of the Department participated as observers at Bid openings and as Members of delegated Audit Teams to carry out procurement Audits at selected MDAs.
- The Department held weekly meetings on Wednesdays to review, appraise and strategize the efficient organization of its activities.
- Prepared Memoranda for the exclusive briefing of His, Excellency Mr. President on certain projects and procurement policy matters.
- Monitored the costs of frequently requested items such as vehicles for comparisons between brand types to ensure value of money is derived for such Procurements.

Status of Requests from MDAs and other Stakeholders

In the year 2017, the Department received 1074 requests from the Ministries, Department and Agencies (MDAs) comprising: requests for Certificate of “No Objection”, Due Process “No Objection” to adopt Selective/Restricted/Emergency/Direct Procurements, Approval of Variation Order Requests, Clarifications, Petitions, etc. Breakdown of the monthly requests from MDAs and other stakeholders (Suppliers, Contractors and Petitioner/complainants) are summarized as stated below:

Table 2.2 Summary of Requests from MDAs on Monthly bases

Month	Direct Procurement	Selective Tendering	Open Competitive Bidding	Emergency Procurement	Others	Total
January	25	14	0	1	17	57
February	27	30	3	6	12	78
March	85	45	0	8	20	158
April	41	21	0	2	25	89
May	58	24	0	10	9	101
June	4	10	0	1	2	17
July	41	28	1	7	19	96
August	55	28	0	3	25	111
September	49	29	0	0	0	78
October	51	48	3	0	0	102
November	48	36	6	0	0	90
December	43	52	2	0	0	97
	527	365	15	38	129	1074

Chart 1.0: Types of Requests per Month

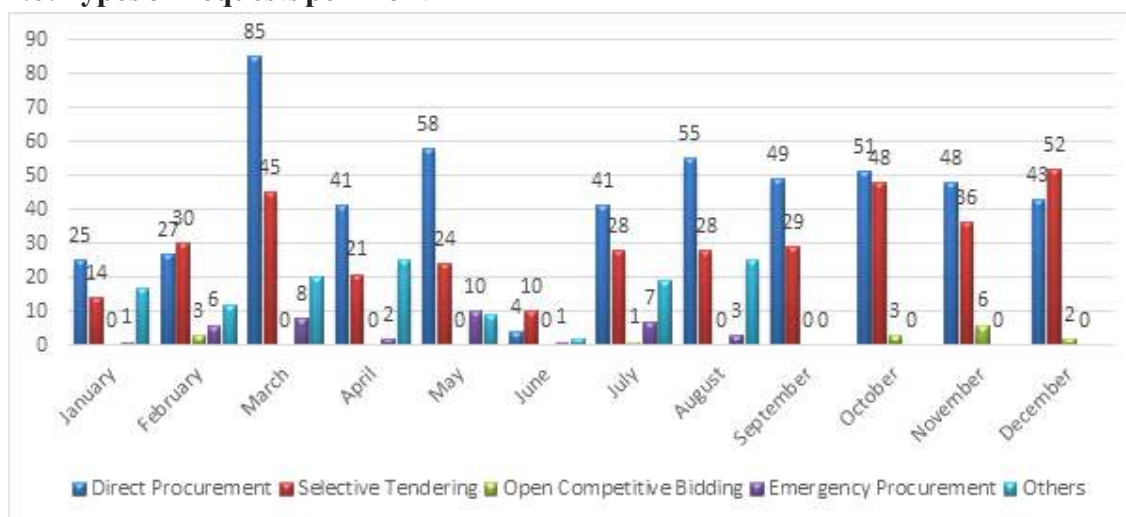

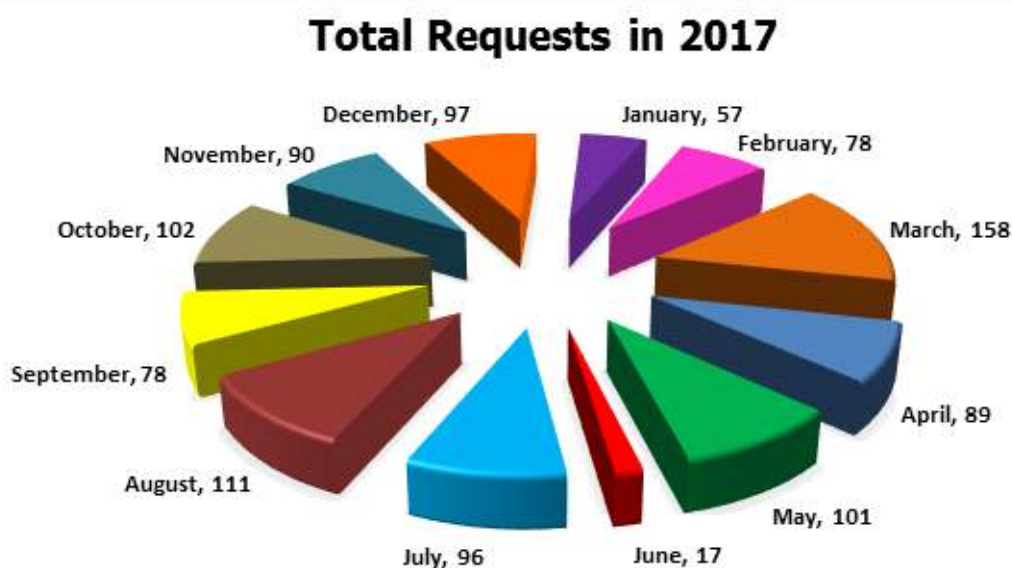

Chart 2.0: Number Of Requests Per Month

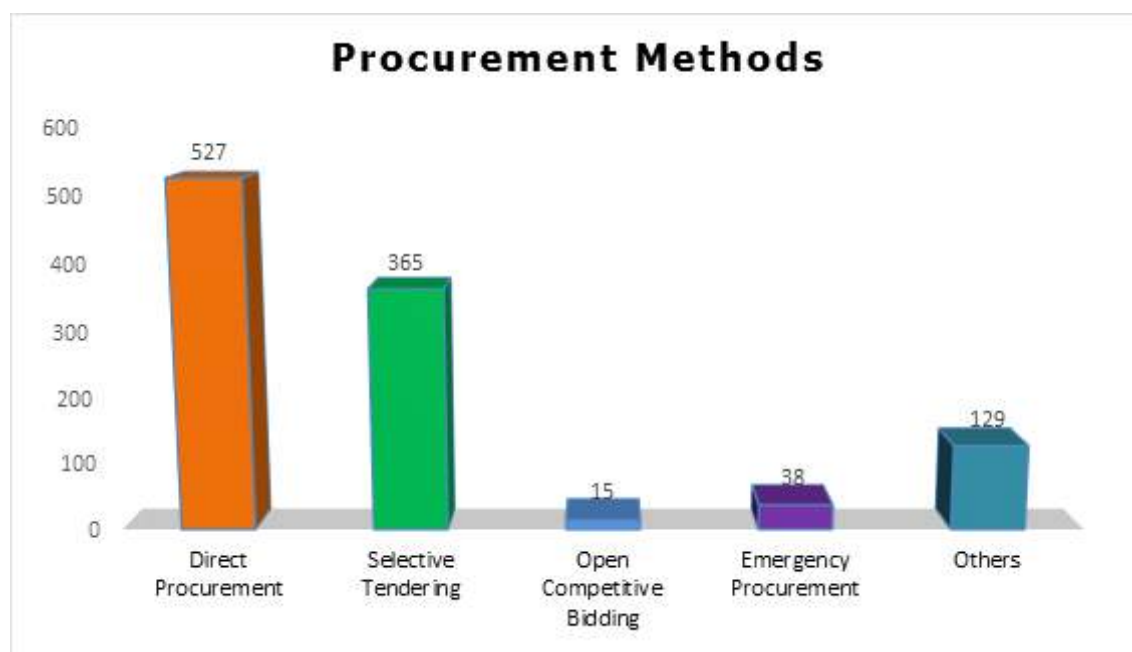

The number of requests received each month is as shown in the Chart 2.0 above. Furthermore, from the request received in the year 2017, the requests per method of procurement are as in Table 2.3 below:

Table 2.3: Procurement Method

Procurement Method	No. of Request
Open Competitive	15
Selective	365
Direct	527
Emergency	38
Others	129

Chart 2.0: Number of Requests per Procurement Method

From Table 2.3 and Chart 2.0 above, the number of requests for direct procurement is the highest compared to the other methods of procurement. This is as a result of the requests for special Procurement from the Defence Sector, procurement from OEM, Procurement from the locally manufactured vehicles, and request for repeat procurement for already existing projects and also as a result of Federal Government Accelerated Project Implementation and Delivery. The requests captured as “others” are majorly request for clarifications, request for information, complaint, other request or complaints met for other departments and request to attend bid opening, conferences and submits.

Other Official Duties/Activities

Staff of the Department participated in the following Workshops, Training programs and other delegated assignments as follows:

Table 2.4: Other Activities by Staff of the Department

S/N	Date	Activities Participated
1	31st May, 2017	Attended Stakeholders meeting in respect of the status of National Rural Telephony Programme at PICA (Presidential Initiative on Continuous Audit)
2	12-Sep-17	Opening of Technical Bids at Energy Commission of Nigeria
3	21 - 25 August, 2017	Procurement Audit exercise at Universal Basic Education Commission for 2012 to 2016
4	18th October, 2017	Attended Stakeholders Interactive Session in respect of the impasse in the Ministry of Communication project on Rural Telephony Programme at National Assembly Complex
5	23-Oct-17	Opening of Technical Bids at Corporate Affairs Commission
6	22nd - 26th May, 2017	Led the BPP Team that conducted Procurement Audit Exercise at the Federal University Otuoke in Bayelsa State.
7	31st May, 2017	Attended Stakeholders meeting in respect of the status of National Rural Telephony Programme at PICA (Presidential Initiative on Continuous Audit)
8	5th July, 2017	Attended Workshop on the Operationalisation of Executive Order 001, 2017. The workshop was organised by the Head of Service of the Federation which held at Office of the Secretary to the Government of the Federation (OSGF)
9	6th July, 2017	Attended "Lunch Time Reform Seminar on Removing the Constraints of Doing Business in Nigeria". The Seminar was organised by the Bureau of Public Service Reforms which held at Federal Ministry of Finance Complex, Abuja
10	26th July, 2017	Bid opening for the printing of N100 Banknote Plain paper at Nigeria Securities, Printing and Minting
11	29th August, 2017	Technical Pre -qualification for the Supply, Installation & Commissioning of Skid Mounted LPG Mini Filling Plant for Seven Nos NNPC Retail Mega Stations at NNPC Retail Limited
12	11th September, 2017	Financial Bid Opening of Defence 2017 Capital Projects at Defence Headquarters
13	18th October, 2017	Attended Stakeholders Interactive Session in respect of the impasse in the Ministry of Communication project on Rural Telephony Programme at National Assembly Complex
14	20th December, 2017	Financial Bid Opening for the procurement of Service Providers at the National Youth Service Corps (NYSC) headquarters.
15	30th Jan. -3rd Feb., 2017	MCSD: Web Applications e -GP Training at Aptech, Victoria Island, Lagos.
16	17th-18th Feb., 2017	Systems Admin (CCNA, R&S, MCSA Windows Server 2012) e -GP Training at Aptech, Victoria Island, Lagos.
17	6th-7th April, 2017	Support Staff at the Presentation of Essentials of Public Procurement at Federal Ministry of Power.
18	3rd - 7th July, 2017	Training Workshop on "Managing Corruption Risks in Public Procurement and Understanding Public Procurement Methods" Public Procurement Research Center, Owerri
19	11th September, 2017	Opening of Technical Bids for 2017 Capital and Zonal Intervention Projects for National Agency for the Prohibition of Trafficking In Persons (NAPTIP)
20	6th - 10th Nov, 2017.	Procurement Audit exercise at Edo State Institute of Science and Technology, Uren, Edo State for 2012 to 2016
21	27th Nov, - 1st Dec, 2017	2017 Second Batch Procurement Conversion Training Programme at Administrative Staff College of Nigeria (ASCON)

22	28th December, 2017	BPP 2017 Staff Retrteat
23	17/10/2017	Bid Opening at Solid Minerals Development Fund
24	11TH –14TH JULY 2017.	Four-Day National Stakeholders Conference On Public Service Delivery In Nigeria Held At Arewa House, Kaduna State
25	FRIDAY, 5 MAY, 2017	Observed The Presentation Of Foil Stamping Machine By Messrs Geiz Ag Of Switzerland At The Nigerian Security Printing And Minting Plc (Nspm) Lagos Factory
26	22nd AUGUST, 2016	Observed Bid Opening Conducted By The Office Of The Secretary To The Government Of The Federation/Presidential Technical Committee On Land Reform On 22nd August, 2016 For The Tendering Exercise For The Acquisition And Installation Of Technical Equipment For Systematic Land Titling And Registration/observations Made At Bid Opening Conducted By The Office Of The Secretary To The Government Of The Federation/Presidential Technical Committee On Land Reform On 22nd August, 2016 For The Tendering Exercise For The Acquisition And Installation Of Technical Equipment For Systematic Land Titling And Registration
27	28 FEB. – MAR 4, 2017	PARTICIPATED IN UNODC SUPPORT TO ANTI – CORRUPTION IN NIGERIA, LAGOS STATE
28	11th September, 2017	Financial Bid Opening of Defence 2017 Capital Projects at Defence Headquarters
	20th December, 2017	Financial Bid Opening for the procurement of Service Providers at the National Youth Service Corps (NYSC) headquarters.

Observations/Challenges and Suggestions

The Department while carrying out reviews of received requests observed the following from the MDA's submissions:

- i. Incomplete documentation forwarded along with the MDA's request for Due process review or Variation/Augmentation requests, these submissions did not include Evaluation Reports, Interim Payment Statements, Progress/Status Report, Bill of Quantities and BEME, Revised Bill of Quantities or source of funding for the projects.
- ii. MDAs' persistently make requests for issuance of “No objection” to adopt Special/Restrictive Methods of procurement based on reasons which are not supported by the relevant **sections** which govern Special and Restricted Methods of Procurement as stipulated under the Public Procurement Act (PPA) 2007.
- iii. The MDAs continue to undermine the Federal Executive Council's (FEC) directive of 20th January, 2010 and 14th August, 2013 to patronize locally assembled vehicles instead of foreign vehicles where there are close substitutes, when seeking “No Objection” to procure vehicles.
- iv. MDAs prefer to procure goods from unauthorized representatives or agents of OEMs at higher costs rather than procure directly from the OEM or their authorised distributors who can take responsibility on behalf of the OEM and more importantly are capable of supplying the required goods or equipment with added after-sale services.
- v. MDAs continue to request for approvals to pay Consultants fees based on scale of fees rather than on man-month rates and reimbursable expenses.
- vi. MDAs do not provide adequate description or specification for items which tends to make benchmarking of costs difficult for the department.
- vii. MDAs proceed to request and receive quotations from Contractors for Special/Restricted Methods of procurement without prior approvals from the Bureau to embark on the procedure in the first instance.
- viii. MDAs continue to engage Consultants which are not registered with their respective professional bodies' e.g COREN for Engineers or the ESVARBON for Valuers for valuation of properties.

The Department faced the following challenges in the course of carrying out its duties:

- a. Difficulty in Benchmarking items for request involving the purchase of specialized items such as ammunition, weaponry among other military hardware, specialized boats, aviation equipment, ICT related equipment which are constantly evolving etc though specifications of some of these items could be sourced from the internet their prices are not readily available on the internet.
- b. The department is short of Procurement Officers to promptly handle the requests assigned to the it.
- c. Lack of adequate office space.
- d. Fungi affected wall due to dampness is a health hazard on the Staff during rainy seasons. Stained walls have degraded the aesthetics of interior walls.

Civil Infrastructure

Introduction

This Report highlights the activities of the Civil Infrastructure Department for the period of January - December 2017, under the leadership of the Acting Director, Engr. Nasir Bello. The department has a Staff strength of five (5) and undertakes procurement due process compliance reviews from Federal Ministries Departments and Agencies among other Bureau activities as required.

Activities of the Department

The Department primarily reviews the procurement and award of contract procedures of Ministries, Departments and Agencies (MDAs), in the following Sectors:

- a. Highway Construction: Roads and Bridges
- b. Airport Construction: Runways and Lighting Equipment supply and Installation and Terminal Buildings
- c. Sea Port/Harbour Works Construction: Deep Seaports, Quays, Harbour Moles, Capital and Maintenance Dredging for Port Rehabilitation and Expansion
- d. Transportation: Railway Construction and all Ancillary Facilities
- e. Erosion and Flood Control Projects: Dredging, Land Reclamation and Restoration
- f. Inland Water Ways (Ports): Inland River port construction, River and Dredging of Inland Water Ways.
- g. Provision of engineering infrastructure to new districts within the FCT
- h. Consultancy: Review of Engineering design and Resident supervision.
- i. Oil and Gas Infrastructure (Pipeline and gas conditioning facility)

In addition to the above, the CID carries out the under listed functions:

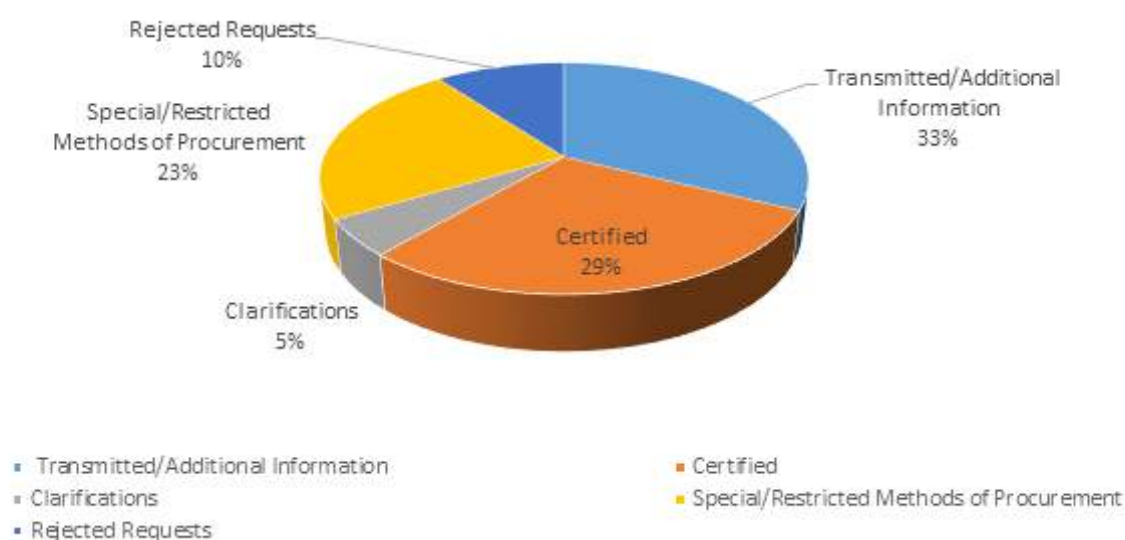

- a. Perform Procurement Audits at the MDAs to ensure compliance with the Public Procurement, Regulations, issued Circulars and provisions of the Public Procurement Act, 2007;
- b. Administrative Review of contention procurement processes due to petition or complaints from bidders and other stakeholders as may be required by the Director General;
- c. Participates in training and development programmes for procurement officers and professionals
- d. The Department is also involved in all functions of the Bureau as outlined in Section 5(a-s) of the Public Procurement Act, 2007 and as directed by the Director General from time to time;
- e. The Department holds formal meetings to review and appraise current/on-going activities of the Department in order to fashion out the best means and methods of improving the status quo for expeditious project delivery.

Requests from MDAs and other Stakeholders

The Department treated 253 requests within the period under review. These comprised of requests for Due Process Certification, approval for the adoption of Special/Restricted Methods of Procurement, Variation Order and Clarifications requests. The number of requests received from the MDAs and other stakeholders were as summarized below:

Table 1 Number of Requests from MDAs and other Stakeholders

S/N	DESCRIPTION	NUMBER OF REQUESTS
1	Total Number Transmitted/Additional Information	82
2	Total Number Certified	71
3	Total Number of Clarifications	15
4	Total Number of Special/Restricted Methods of Procurement	59
5	Rejected Requests	26
	TOTAL	253

Figure Number of Requests from MDAs and other Stakeholders within the period under review

The above chart shows that the majority of submissions made by MDAS do not include all the necessary information/documentation required by the Bureau to process the request effectively. Consequently, the Bureau seeks for additional information/documentation from the procuring entity, which contributes, to the delays in obtaining approvals from the Bureau.

Table 2: Summary of Requests from MDAs on Monthly basis

S/N	MONTH	NUMBER OF REQUESTS
1	January	32
2	February	22
3	March	30
4	April	14
5	May	15
6	June	20
7	July	15
8	August	24
9	September	15
10	October	24
11	November	20
12	December	22
	TOTAL	253

Figure : Frequency of Requests by Month

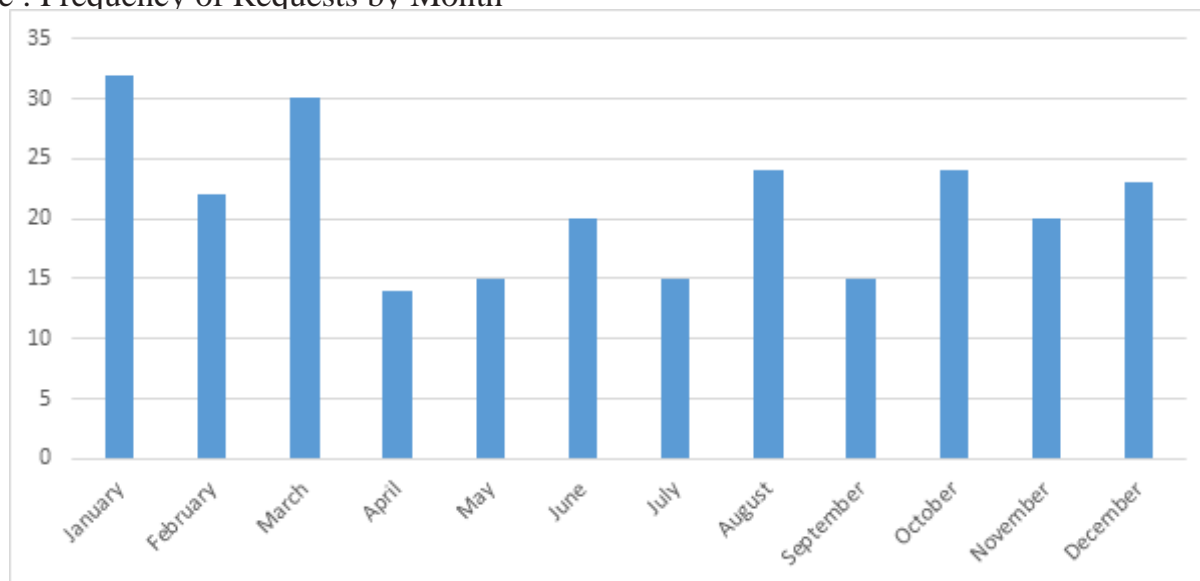

Table 3: Requests certified by the CID according to the method adopted for their procurement for the period under review:

S/N	Procurement Method Adopted	Number of Requests Certified	Number of Requests Rejected
1	International Competitive Bidding	0	1
2	National Competitive Bidding	25	6
3	Special and Restricted Method of Procurement	46	19

Table 4: Monetary value of certified requests by the CID and savings realised from review of these projects:

S/N	Description	Amount (₦)	Amount (\$)	Total (₦)
1	Amount Requested	207,520,596,625.31	2,235,529,131.78	889,356,981,818.21
2	Amount Certified	204,127,620,102.98	2,186,869,045.03	871,122,678,837.13
3	Cost Savings	3,392,976,522.33	48,660,086.75	18,234,302,981.08

Table 4: Requests received and approved by the CID for the adoption of Special and Restricted Methods of Procurement:

S/N	Procurement Method	Number of Requests	Approved	Declined
1	Direct Procurement	16	10	6
2	Direct Labour	1	1	0
3	Repeat Procurement	1	0	1
4	Restricted/Selective Tendering	33	28	5
	Total	51	39	12

Challenges and Observations during the period under review

These are some of the challenges and observations encountered by the Department in the course of treating requests made from MDAs for the period under review:

S/N	Issues	Suggestions
1	Incomplete documentation when forwarding requests for Due Process “No Objection” or Variation Order Requests hinders prompt completion of reviews.	For variation claims, request should be supported with VOP calculations showing how the quantities of materials were derived and copies of the receipts of Purchases, Invoices and Delivery Notes for the supply of basic construction materials showing the quantities and prevailing market rates as at time of purchase by the Contractor. These should be endorsed by the Engineer’s Representative.
2	Inadequacy of project designs from the onset of the project. The Bureau has observed that most Contracts are awarded based on preliminary designs. This tends to leave room for introducing many additional works during implementation and lead to variation requests.	Ensure that Contract awards are based strictly Final Designs in compliance with Secretary to the Government of the Federation Circular Ref. No. SGF/OP/1/S.3/VII/964 of April 7, 2008 on completion of Final Designs before the any Contract awards in order to obviate requests for variation of costs:
3	Poor funding of projects causing project durations to exceed their completion periods. This renders rates for items to become obsolete and the Contractors request for review of contract rates. These requests are usually not in the best interest of Government.	Ensure that the Project Costs are immediately incorporated in the three year Medium Term Expenditure Programme as stipulated in the Fiscal Responsibility Act, 2007; Ensure that payments are made expeditiously to avoid interests on delayed payment.
4	Consultant firms, which are not licensed by COREN, are appointed to prepare project designs and as such, the adequacy of the designs are not guaranteed. This has also led to faulty designs and inadequate provisions in the Bills of Engineering Measurement and Evaluation (BEME) often leading to project variations.	Engage only competent, COREN licensed Consultants with proven track records whom can they take full responsibility and professional ownership for their designs.
5	Avoidable delays arising from lengthy periods taking by MDAS to respond to clarifications or requests for additional documents made by the BPP.	Prompt response to the Bureau’s letters to facilitate timely certification of requests.
6	Frequent discoveries of arithmetical errors in Bills of Engineering Measurement and Evaluation (BEME).	Arithmetic checks on the Bids and BEMEs should be the first procedural step carried out in any Evaluation process to ensure that bidders are properly ranked and that all computations are correct.
7	Contractors deliberately under-price some critical items of works with the hope that a request for revision of Contract rates would be considered and approved during implementation of the project.	The MDAs should discourage any review of contract rates, as this is not in the best interest of Government. Rather than request for revision of Contract rates because the subsisting Contract rates are obsolete, the price adjustment mechanism in the Conditions of Contract should be adopted for increases in the basic prices of construction materials.
8	Forwarding requests without seeking the approval of the President for variations over 15% of the initial contract sum or ₦1 billion in compliance with (SGF) Circular Ref. No: SGF/OP/1/S.3/4/X/372 of July 25, 2013 Policy on Revised Estimated Total Cost/Variation on Contract Award Sums.	Mr. President’s approval should be formally sought and obtained for RETC/Variations above 15% of the initial Contract Award Sum and/or above ₦1 billion, before forwarding same to the Bureau of Public Procurement for certification

9	Non-compliance with the SGF directive Ref. No. SGF50/S.52/III/652 of January 11, 2017 on conducting Post-Qualification/Due Diligence on recommended Bidders for consideration for Award of Contract before forwarding the requests for certification to the Bureau.	Ensure due diligence/post qualification is carried out on the recommended bidders and thereafter prepare a report on the due diligence findings and forward as part of documentation for issuance of Due process Certification.
10	Evaluation are not constituted to assess tender's where direct procurement method is employed to confirm that received proposal, addresses the needs of the entity, is reasonable and offers best value for money for the procurement.	The procuring entity should note that adopting Direct Procurement Method for procurements does not absolve the Accounting Officer the responsibility of constituting Evaluation Committees in line with Section 20(2) (f) of the Public Procurement Act, 2007. The purpose of the Committee is to verify that the received proposal, addresses the needs of the entity, is reasonable and offers best value for money for the procurement, among other considerations. Upon completing the evaluation process, the Evaluation Committee is further expected to prepare a bid Evaluation Report, which forms part of requisite documentation for the issuance of Due Process Certificate of "No Objection" by the BPP.

Table 5.1: Request's treated between January-December, 2017

Chapter 5

Agric and Water Resources

Introduction

This Report highlights the activities of the Agric and Water Resources (A&WR) Department for the period of January -December 2017, under the leadership of the Head of Department, Engr. Isaiah Yesufu. The department has a Staff strength of five (5) and undertakes procurement due process compliance reviews from Federal Ministries Departments and Agencies among other Bureau activities as required.

Activities of the Department

The Department primarily reviews the procurement and award of contract procedures of Ministries, Departments and Agencies (MDAs), in the following Sectors:

- a. Water Resources: Construction of Irrigation and dams, Water Supply and Water Transfer.
- b. Agric and Rural Development: Procurement of Crops and Animals, Fertilizer, Tractors and other Farm Implements
- c. Sea Port/Harbour Works Construction: Deep Seaports, Quays, Harbour Moles, Capital and Maintenance Dredging for Port Rehabilitation and Expansion
- d. Transportation: Integrated Waterways Protection Solution, Construction and Commissioning of Patrol Boats, offshore Monitoring Vessels, Command and Control Infrastructure all Ancillary Facilities
- e. Erosion and Flood Control Projects: Dredging, Land Reclamation and Restoration
- f. Inland Water Ways (Ports): Inland River port construction, River and Dredging of Inland Water Ways.
- g. Consultancy: Review of Engineering design and Resident supervision.
- h. Science and Laboratory: Standard Laboratory Furniture and Equipment
- i. Oil and Gas Infrastructure (Pipeline and gas conditioning facility)
- j. Special Procurement: Procurement Of Vehicles
- k. National Social Security: National Social Investment Programme

In addition to the above, the A&WR Department carries out the under listed functions

- a. Perform Procurement Audits at the MDAs to ensure compliance with the Public Procurement, Regulations, issued Circulars and provisions of the Public Procurement Act, 2007;
- b. Administrative Review of contention procurement processes due to petition or complaints from bidders and other stakeholders as may be required by the Director General;
- c. Participates in training and development programmes for procurement officers and professionals
- d. The Department is also involved in all functions of the Bureau as outlined in Section 5(a-s) of the Public Procurement Act, 2007 and as directed by the Director General from time to time;
- e. The Department holds formal meetings to review and appraise current/on-going activities of the Department in order to fashion out the best means and methods of improving the status quo for expeditious project delivery.

Requests from MDAs and other Stakeholders

The Department treated 256 requests within the period under review. These comprised of requests for Due Process Certification, approval for the adoption of Special/Restricted Methods of Procurement, Variation Order and Clarifications requests.

Request's treated between January-December, 2017			
Date Request was Received	MDA	Request Title	Ref. No.

The 256 requests by MDAs forwarded to the Department were further appraised on a monthly basis to ascertain the number of requests per month. This is shown in the Table below:

Summary of Requests from MDAs on Monthly basis		
S/N	MONTH	NUMBER OF REQUESTS
1	January	25
2	February	17
3	March	30
4	April	19
5	May	8
6	June	17
7	July	24
8	August	15
9	September	17
10	October	16
11	November	34
12	December	34
	TOTAL	256

Challenges and Observations during the period under review

These are some of the challenges and observations encountered by the Department in the course of treating requests made from MDAs for the period under review:

S/N	Issues	Suggestions
1	Incomplete documentation when forwarding requests for Due Process "No Objection" or Variation Order Requests hinders prompt completion of reviews.	For variation claims, request should be supported with VOP calculations showing how the quantities of materials were derived and copies of the receipts of Purchases, Invoices and Delivery Notes for the supply of basic construction materials showing the quantities and prevailing market rates as at time of purchase by the Contractor. These should be endorsed by the Engineer's Representative.
2	Inadequacy of project designs from the onset of the project. The Bureau has observed that most Contracts are awarded based on preliminary designs. This tends to leave room for introducing many additional works during implementation and lead to variation requests.	Ensure that Contract awards are based strictly Final Designs in compliance with Secretary to the Government of the Federation Circular Ref. No. SGF/OP/1/S.3/VII/964 of April 7, 2008 on completion of Final Designs before the any Contract awards in order to obviate requests for variation of costs:

3	Poor funding of projects causing project durations to exceed their completion periods. This renders rates for items to become obsolete and the Contractors request for review of contract rates. These requests are usually not in the best interest of Government.	Ensure that the Project Costs are immediately incorporated in the three year Medium Term Expenditure Programme as stipulated in the Fiscal Responsibility Act, 2007; Ensure that payments are made expeditiously to avoid interests on delayed payment.
4	Consultant firms, which are not licensed by COREN, are appointed to prepare project designs and as such, the adequacy of the designs are not guaranteed. This has also led to faulty designs and inadequate provisions in the Bills of Engineering Measurement and Evaluation (BEME) often leading to project variations.	Engage only competent, COREN licensed Consultants with proven track records whom can they take full responsibility and professional ownership for their designs.
5	Avoidable delays arising from lengthy periods taking by MDAS to respond to clarifications or requests for additional documents made by the BPP.	Prompt response to the Bureau's letters to facilitate timely certification of requests.
6	Frequent discoveries of arithmetical errors in Bills of Engineering Measurement and Evaluation (BEME).	Arithmetic checks on the Bids and BEMEs should be the first procedural step carried out in any Evaluation process to ensure that bidders are properly ranked and that all computations are correct.
7	Contractors deliberately under-price some critical items of works with the hope that a request for revision of Contract rates would be considered and approved during implementation of the project.	The MDAs should discourage any review of contract rates, as this is not in the best interest of Government. Rather than request for revision of Contract rates because the subsisting Contract rates are obsolete, the price adjustment mechanism in the Conditions of Contract should be adopted for increases in the basic prices of construction materials.
8	Forwarding requests without seeking the approval of the President for variations over 15% of the initial contract sum or ₦1 billion in compliance with (SGF) Circular Ref. No: SGF/OP/II/S.3/4/X/372 of July 25, 2013 Policy on Revised Estimated Total Cost/Variation on Contract Award Sums.	Mr President's approval should be formally sought and obtained for RETC/Variations above 15% of the initial Contract Award Sum and/or above ₦1 billion, before forwarding same to the Bureau of Public Procurement for certification
9	Non-compliance with the SGF directive Ref. No. SGF50/S.52/III/652 of January 11, 2017 on conducting Post-Qualification/Due Diligence on recommended Bidders for consideration for Award of Contract before forwarding the requests for certification to the Bureau.	Ensure due diligence/post qualification is carried out on the recommended bidders and thereafter prepare a report on the due diligence findings and forward as part of documentation for issuance of Due process Certification.
10	Evaluation are not constituted to assess tender's where direct procurement method is employed to confirm that received proposal, addresses the needs of the entity, is reasonable and offers best value for money for the procurement.	The procuring entity should note that adopting Direct Procurement Method for procurements does not absolve the Accounting Officer the responsibility of constituting Evaluation Committees in line with Section 20(2) (f) of the Public Procurement Act, 2007. The purpose of the Committee is to verify that the received proposal, addresses the needs of the entity, is reasonable and offers best value for money for the procurement, among other considerations. Upon completing the evaluation process, the Evaluation Committee is further expected to prepare a bid Evaluation Report, which forms part of requisite documentation for the issuance of Due Process Certificate of "No Objection" by the BPP.

Compliance, Certification and Monitoring

Introduction

This Report highlights the activities of the Compliance, Certification and Monitoring Department for the period of January to December, 2017.

Staff Strength

The following officers carried out the duties of the Department during the year under review:

Table 2.1: Current Staff Strength and Designations

S/N	NAMES	DESIGNATION	GRADE LEVEL
1.	Engr. Ishaq Yahaya	Director	17
2.	Mr. Mufutau B. Oloyede	Deputy Director	16
3.	Mr. Yusuf O. Olaleye	Deputy Director	16
4.	Mr. Garba Musa	Assistant Chief Procurement Officer	13
5.	Engr. Fidelis Okereke	Assistant Chief Procurement Officer	13
6.	Engr. Abiodun Otunla	Principal Procurement Officer	12
7.	Engr. (Mrs.) Eugenia Easo Egere	Principal Procurement Officer	12
8.	Mr. Lanre Abati	Principal Procurement Officer	12
9.	Engr. Musa U. Dankaka	Senior Procurement Officer	10
10.	Idris Yakubu	Senior Procurement Officer	10
11.	Mrs. Happiness Omoragbe	Confidential Secretary I	8
12.	Mr. Asuquo O. Ita	Higher Procurement Superintendent	8
13.	Miss. Atinuke N. Abdulsalam	Corp Member	-

Functions of the Department

The Department performs the following functions:

- Vets Draft Due Process Review Reports and Letters for Director-General's consideration;
- Treats Petitions and organizes/conducts Right-Of-Reply Meetings;
- Schedules Procurement Audits at the Ministries, Departments and Agencies (MDAs) and collates the Reports for the Director-General's consideration and further actions;
- Schedules Officers to observe Bid Openings at MDAs and communicate Bureau's observations to the MDAs;
- Vets advertisements to ensure compliance with the Public Procurement Act (PPA), 2007;
- Conducts Monitoring Exercise on MDAs to ensure compliance with Bureau of Public Procurement (BPP)'s directives;
- Prepare Certificates and Letters of "No Objection";
- Represents the Director-General at official engagements as directed.

Status of Petitions Treated by the Department

The Department received 517 complaints from Petitioners within the period of January to December 2017. The summary is as follows:

Table 4.1 Summary of Petitions

S/N	Description	Jan-Dec, 2017	
		Total	%
1	Closed	303	59%
2	On-going	214	41%
3	Total of petitions	517	100%

Status of Petitions:

During the period under review (January to December, 2017), the petitions listed in Table 4.2 below were treated with a view to achieving value for money for the Government of the Federal Republic of Nigeria by ensuring full compliance with the Public Procurement Act (PPA), 2007.

Table 4.2: Petitions Treated Between January to December 2017 Per Ministry, Department And Agency

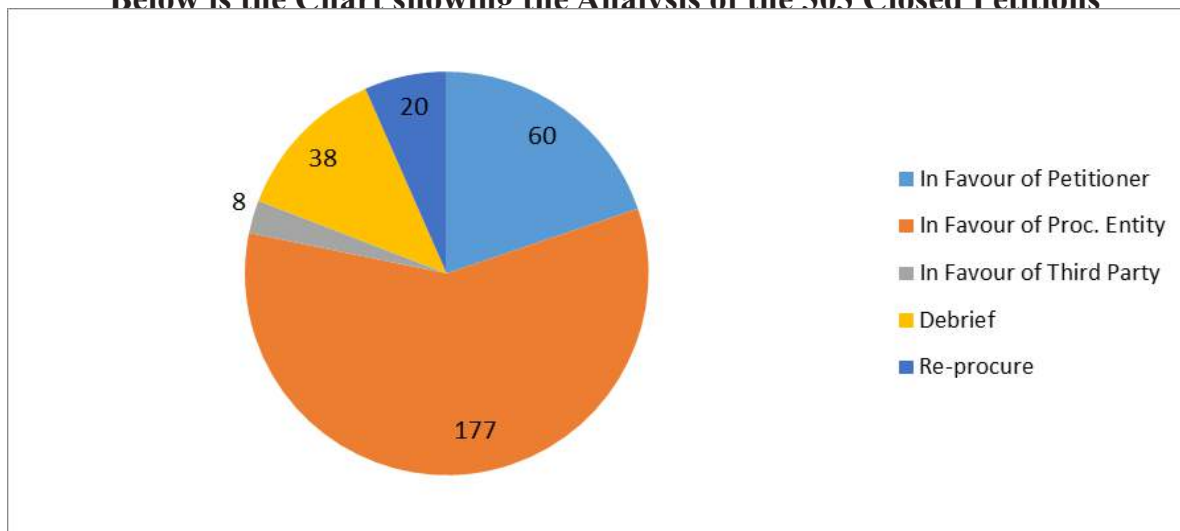

S/N	Parent Ministry	January to December, 2017		
		Number of Petitions	On-Going	Closed
1	Federal Capital Territory Administration	7	2	5
2	Federal Ministry of Agriculture and Rural Development	17	6	11
3	Federal Ministry of Budget & National Planning	1	0	1
4	Federal Ministry of Education	190	94	96
5	Federal Ministry of Environment	7	2	5
6	Federal Ministry of Finance	14	4	10
7	Federal Ministry of Foreign Affairs	2	0	2
8	Federal Ministry of Health	32	13	19
9	Federal Ministry of Industry, Trade & Investment	20	5	15

Right of Reply Meetings (R-o-R)

- The Department often calls for Right-of-Reply (RoR) Meetings to resolve petitions received from Bidders/Contractors where the petitioners, other bidders and MDAs are invited to make representations with the intention to resolve the petitions.
- Twenty-Seven (27) Right-of-Reply Meetings were held at the Bureau during the period of January to December, 2017.
- The Review Officers of the Department review petitions received from bidders, where a Right-Of-Reply Meeting is required, a review Memo (Report) is prepared for the deliberations at the RoR Meetings.

- Heads of Department/Unit are invited to constitute the BPP Team at the pre-meeting briefs before each Right-of-Reply Meeting to align thoughts and take a common position at the Right-of-Reply Meeting. Arising from deliberations at Right-of-Reply Meetings, petitions are either resolved or referred for further investigation with ICPC or EFCC. The Summary of Cases referred in the Year under review is as shown below:

Number of Cases Referred to Investigating Agency

S/N	Parent Ministry	No of Cases Referred		
		EFCC	ICPC	Closed
1	Federal Ministry of Education	0	7	7
2	Federal Ministry of Information & Culture	0	1	1
3	Federal Ministry of Youth & Sports	0	2	2
	Total	0	10	10

Certificates of “No Objection”

Following substantial compliance with the provisions of the Public Procurement Act, 2007, Public Procurement Regulations and extant Guidelines on public procurement, the Bureau issued 268 Certificates of “No Objection” to MDAs in Year 2017 at the stated total values as shown below:

Total Number of Certificates issued in Year 2017

S/N	DEPARTMENT	NUMBER OF CERT.	%
1	Civil Infrastructure	78	29%
2	Special Procurement	124	46%

Bid Openings

The staff of the Department during the year observed Fifty-One (51) Nos Bid Opening exercises with record of substantial compliance in all cases.

MDAs Advertisement

- The Bureau reviewed Two Hundred and Thirty-One (231) advertisements placed by MDAs during the Year, and directed the MDAs to effect corrections to fully comply with the provisions of the PPA, 2007. Subsequently, the Bureau received One Hundred and Nine (109) copies of corrigendum from the MDAs, as evidence of compliance with our directives as shown below:

Number of Advertisement's corrigenda published in the National Media per Ministry, Department and Agency

S/N	Parent Ministry	Total No of Advertisements reviewed by BPP	No of Corrigenda received from MDAs
1	Federal Capital Territory Administration	5	1
2	Federal Ministry of Agriculture and Rural Development	16	6
3	Federal Ministry of Budget & National Planning	4	2
4	Federal Ministry of Education	93	40
5	Federal Ministry of Environment	2	1

25	Presidency	13	7
	Total	231	109

- a. In most of the advertisements reviewed, the Bureau observed that the MDAs did not adequately describe mandatory requirements to do business with the Federal Government of Nigeria and the tenders' fees are usually high. The summary of the issues, which had been adequately addressed by the Bureau, are as shown below:

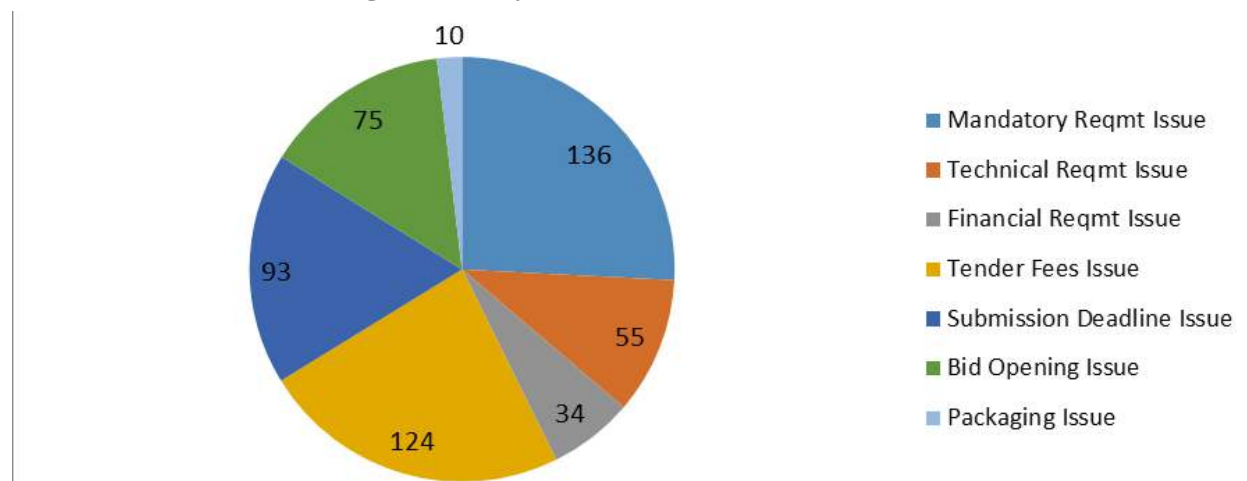

Departmental Meeting

- a. The Department held Sixteen (16) Number of Meetings during the Year 2017. The Departmental Meeting among other things:
- i. Reviews and tracks operations/activities in the Department to give room for efficient service delivery;
 - ii. Resolves lingering issues by proffering prompt/accurate solutions.

Training Research and Strategic Planning

Introduction

The Bureau, through its **Research, Training and Strategic Planning Department**, has the responsibility of delivering on the Bureau's mandates to, among others, train and sensitize stakeholders (Ministries, Departments and Agencies; the permanent secretaries, Chief Executives; private contractors and consultants; professional groups; civil society organizations; and the general public) on the provisions and applications of the Public Procurement Act. It also has the responsibility of undertaking procurement research and surveys on procurement policies. Section 5 of the PPA, 2007 requires the Bureau to:

- Undertake procurement research and surveys;
- Organize training and development programmes for procurement professionals; Co-ordinate relevant training programs to build institutional capacity; and
- Organize Conversion training for Officers in **Federal Parastatals, Agencies, Institutions and Commissions**;

This Report highlights the activities of the Training Research and Strategic Planning Department for the period of January-December 2017. Under the leadership of the Acting Director, Adebowale Adedokun and is manned by Four (4) dedicated staff carrying out their official duties on various positions.

The issues discussed in the report were:

- Staff Strength of the Department
- Main Activities of the Department
- Training requests from MDAs and other stakeholders (Contractors, Suppliers & Consultants)
- Procurement Trainings Conducted for MDAs in 2017
- In-House training;
- Public Procurement Research Centre;
- The Additional two Public Procurement Research Centers, Ahmadu Bello University, Zaria and University of Lagos;
- Conversion to procurement cadre exercise for Officers in **Federal Parastatals, Agencies, Institutions and Commissions**;
- Challenges;

Staff Strength

The current Staff strength of the Department and their designations are shown in the table below:

Current Staff Strength and designation

S/N	NAME	DESIGNATION	GRADE LEVEL
1	Adebowale Adedokun	Acting Director	15
2	Sa' eed Umar	Sectional Supervisory Head	12
3	Lipnee, Godswill B.	Sectional Head Strategic Planning	10
4	Chinedu David Njoku	Sectional Head Research	10
5	Olanrewaju Obasa	Sectional Head Training	09

Main Activities of the Department

The department performs the following functions namely:

- a) Organization of In-house sensitization workshop on public procurement process for MDAs;
- b) Provision of capacity-building initiatives;
- c) In-house training on specific procurement topics as needed;

- d) Capacity Building Training Programme for Procurement Officers in the MDAs;
- e) Partnership with States Governments on Public Procurement;
- f) In-House Training for BPP STAFF on Procurement Processes only;
- g) Training –the-Trainer Programme for qualified and accredited individuals/firms on Public Procurement Processes in line with the Public Procurement Act, 2007;
- h) Conversion to procurement cadre exercise for Officers in **Federal Parastatals, Agencies, Institutions and Commissions**;
- i) Coordinate Procurement Training at Public Procurement Research Centres in Federal University of Technology Owerri, (FUTO), Ahmadu Bello University ABU and University of Lagos (UNILAG);

Procurement Trainings Conducted for MDAs in 2017

The department carried out these in-house trainings for MDAs across the Federation, the procurement entities are listed in the table below;

S/N	PROCURING ENTITY	DATE
1	Petroleum Technology Development Fund	Wed. 22 nd November, 2017
2	Office of the Auditor -General for the Federation	Thurs. 23 rd , November, 2017
3	Industrial Training Fund	Tue. 21 st – Wed. 22 nd Nov., 2017 (1st Run)
4	Industrial Training Fund	Tue. 28 th – Wed. 29 th Nov., 2017 (2nd Run)

29	National Health Insurance Scheme	20 th -21 st July, 2017
30	2017 1 ST BATCH PROCUREMENT CONVERSION TRAINING (250 Participants)	May 14 th – 26 th , 2017
31	2017 2 nd BATCH PROCUREMENT CONVERSION TRAINING (206 Participants)	Nov 19 th – Dec. 1 st , 2017

CONVERSION: The conversion to Procurement Cadre for Parastatals, Agencies and Commissions of the Federal Government was twice in the year 2017.

FIRST BATCH: The first batch conversion training held at the National Teachers Institute, Kaduna from 15th to 26th of May 2017. Participants were expected from various MDA's for the programme and about Two Hundred and Fifty Four (254) persons were shortlisted. Two Hundred and Twenty Nine (229) participated in the programme and one Hundred and Sixty Four (164) passed examination.

SECOND BATCH: The second batch held at Administrative Staff Collage of Nigeria (ASCON) Topo-Badagry, Lagos State between **19th November 1st December 2017**. The candidates were trained in fundamental principles of public procurement, Overview of Public Procurement Act, 2007, Principles of Procurement Planning, Advertisement, Bid Opening, Examination and Evaluation, Code of Conduct, Offences and Sanctions Understanding the Use of Standard Bidding Documents (SBDs) and Standard Request for Proposals (SRfPs), Pre- Qualification and Post Qualification etc. The training had several case studies, group works, test and final examination.

The table below shows the total number of shortlisted candidates and successful candidates predicated in the conversion training;

Shortlisted Candidates	205
Successful Candidates	63

Departmental Meeting

The Department holds regular weekly briefings every Monday in the Director's office in line with one of the resolutions during one of the management meetings in 2015. The essence of the meeting is to review and track operations/activities in the Department to make for efficient service delivery.

Formal Communication:

In the course of discharging its responsibilities, several Memoranda were written to:

- Ministries, Departments and Agencies to nominate participants to Public Procurement Research Centers, Training Programmes for 2017 at the Public Procurement Centre, FUTU, Owerri and Ahmadu Bello University, ABU.

Research, Training and Strategic Planning Department BRIEFS for 2017

In order to enable the Bureau improve on her performance and contributes to the economic development of the country through public procurement it is hereby suggested:

- 1) The Bureau should revisit the review of the Socio-economic effect of the Policies on procurement conducted by the Nigeria Institute for Social and Economic Research (NISER) and come up with format/instruction for update by NISER. This is line with Section 5(1).
- 2) Need for the Bureau to develop regulations and policy framework on BPP/BPE relationships to guide the procuring entities on public-private partnerships (PPP) policy framework need to be finalized.

- 3) There is the need for the Bureau to develop TOR and engage relevant experts (professionals) to come up with how the enormous data and information we have can be interpreted and translated into policy or referral documents
- 4) There is the need for the Bureau to engage the relevant experts/professionals to undertake procurement research and surveys and come up with findings that can form the basis of policies/regulations/guidelines in line with Section 5 (j).
- 5) The Bureau should consider involvement in Post-Contract activities through Monitoring and Evaluation (M&E). Hence, the need to develop M&E framework that will enable the Bureau to measure performance against set goals to ensure effective implementation in order to achieve the set goals and objectives.
- 6) There should be periodic meeting and networking of the all the Anti-Corruption Agencies to create synergy and compare notes on pending challenges and issues of common interest
- 7) Human Capacity Building Practices: In consideration of the enormity and sensitivity of assignments carried out by the department, Foreign and Local training for departmental staff for Capacity Building should be encouraged in order to meets international best practices.
- 8) There is need for the Bureau through the instrumentality of the Regulation and Data Base Department, to come up with a standard data base for the price of items on Geo-Political zone basis for different categories and classes of Contractor/Consultants so that the Bureau can monitor the price of items and be better equipped in bench marking prices of tendered items.
- 9) Many procuring entities (MDAs) procure similar goods and services on MDA-by-MDA basis. It is hereby being suggested that these purchases could be aggregated, to achieve prices that will be more competitive, lower operating and maintenance costs and improved services for the procuring entities thereby providing the Nation the benefits of economy of scale. It could also encourage domestic manufacturers to invest in plant and equipment.

Suggestive Work Improvement at the Bureau

Motivation: one of the most commonly debated and researched field in the business world is motivation. If we understand how and why people are motivated, we can encourage them to be their best at work. The more motivated people are to be successful and achieve the goals set for them, the more their confidence in their own abilities will grow as well, which can, in turn, make them even more motivated. When people are motivated at work, many positive factors result in the workplace. For example, the job satisfaction improves, everybody focus on the results, and everyone's full potential can be tapped.

REPORTS ON TRAINING COURSES HELD AT PUBLIC PROCUREMENT RESEARCH CENTERS; FEDERAL UNIVERSITY OF TECHNOLOGY, OWERRI AND AHMADU BELLO UNIVERSITY ABU FOR THE YEAR 2017

The Public Procurement Research Centre, Owerri FUTO and Ahmadu Bello University ABU carried out series of professional trainings for scholars and practitioners in various sectors of government to improve efficiency, fairness and transparency in public procurement in Nigeria. The training of Procurement Officers at the Public Procurement Research Centre FUTO, Owerri and Ahmadu Bello University ABU with the support of the Bureau (Research, Training and Strategic Planning Department) ran through the year from March to December, 2017 as planned and published in the Training Programme/Brochure, with various course tittles bordering on procurement as follows:

- Understanding Effective Public Procurement in Practice
- Understanding the Public Procurement Solicitation Principles
- Technical and Financial Bid Evaluation.
- Managing Tenders, Specifications and Contracts
- Public Procurement Bid Evaluations
- Managing and Negotiating with Consultants and Contractors

The Bureau through the Department has trained a number of procurement officers and other officers from different Ministries, Departments and Agencies at the Public Procurement Research Centre as contained in the table below:

Table below shows the 2017 Training programme for Public Procurement Research

Summary of training executed at PPRC, Federal University of Technology, Owerri, FUTO and Ahmadu Bello University ABU in 2017 from various Ministries, Departments and Agencies of Federal Government as list in the table below;

S/N	Centre	Total Participants Trained
1	Federal University of Technology, Owerri	267
2	Ahmadu Bello University	

THE ADDITIONAL PUBLIC PROCUREMENT RESEARCH CENTRE, UNIVERSITY OF LAGOS.

The above-mentioned Public Procurement Research Centre has been completed to commence operation this year 2018.

TRAINING FOR THE COLLEGES OF EDUCATION IN NIGERIA

As part of our continued effort to increase awareness and enhance capacity of procurement officers of the MDAs, the Bureau through the Training department wrote the Executive Secretary, National Commission for Colleges of Education (NCCE) notifying him on the need to carry out sensitization workshop for all the Federal Colleges of Education in Nigeria. To train all the provosts and the procurement officers across the 22 (twenty-

two) Federal Colleges of Education in Nigeria. The training therefore were to enlighten them on the provisions of the Public Procurement Act, 2007. Regrettably, the NCCE did not respond to the letter.

REQUEST FOR COLLABORATION WITH NATIONAL UNIVERSITIES COMMISSION (NUC) ON IMPLEMENTATION OF SUSTAINABLE SECTOR-BASED PUBLIC PROCUREMENT REFORM, PROFESSIONAL DEVELOPMENT AND RESEARCHES IN PUBLIC PROCUREMENT IN NIGERIAN UNIVERSITIES.

The Bureau through the training department wrote to the NUC informing her of it's willing to strengthen its collaboration with the National Universities Commission (NUC) as the approving authority for all academic programmes run in Nigerian Universities, which is geared towards Public Procurement Reforms, Professional Development and conducting of Researches in Public Procurement.

FUTURE ACTIVITIES

- Sensitization workshop
- Request for external resources persons Capacity building workshop
- Conversion training/ examination
- National procurement forum
- Local training
- In house training workshop for procurement officers of the Bureau
- Federal Permanent Secretaries Retreat
- Chief Executive Officers Retreat
- Directors and Head of Procurement Unite Works etc.

Finance and Management Services

The Management Services Department comprises of the following units:

- a. Human Resource
- b. Stores
- c. Transport
- d. Registry
- e. Maintenance
- f. Security

Human Resource Unit

The Bureau's HR Unit is characterized with functions such as:

- a. Establishment
- b. Personnel (i.e. Performance appraisals, Promotion, Discipline, Leaves, Postings, Salary variations etc.)
- c. Staff Record (Periodic updates of Bureau's nominal roll and submission of various formats of nominal roll to other relevant agencies of government as requested.
- d. Welfare (commemoration of national festivities, in support of individual staff occasions i.e. weddings and bereavements)
- e. Pension / Group Life
- f. Courier
- g. Manpower / capacity building
- h. Supervision of the Maintenance, Registry and Transport Units.

During the year under review being 2017, the HR Unit supervised the following activities:

1. **Promotions:** Following the performance evaluation of staff due for promotion, the unit co-supervised the successful 2017 June promotional exams with representatives of the Federal Civil Service Commission. Among the 48 members of staff who were eligible for promotion included a Directorate cadre, Procurement Officers, Administrative Officers, Clerical Officers Executive Officers and Drivers. We wish to thank Management for ensuring a conducive environment for the exercise.
2. **Senior Management Committee Meeting:** Following the successful conduct of the promotion examination exercise, the Senior Staff Committee of the Bureau sat in July and ratified the results also took into consideration some issues of Salary Steps and Conversion complaints from members of staff.
3. **Staff Record:** Following the successful promotion exams conducted mid last year, there was immediate update on Bureau's nominal roll after due salary variations were completed.

Subsequently, the unit forwarded updated nominal roll and geopolitical analyses of Bureau's Staff members to Federal Civil Service Commission on request.

4. **Welfare:** Based on Management's approval the Unit recorded a lot of success in the scheduling of welfare items during the various National Festivities in the year 2017, such as Eid- el- Fitr, Easter, Eid-el-Kabir and Christmas). Management also granted approval of welfare support to some bereaved staff members on the death of their family members and weddings during the year under review.

In the month of May, the Unit also supervised the eye screening exercise and general body check up by approved medical experts, which recorded great turn out of staff members

5. **Pension / Group life:** Following the nomination of Niger Insurance by Head of Service of the Federation, as the Broker for Government Agencies under the Presidency for deaths that occurred in 2016, likewise, the HR Unit forwarded death claims of Late Godwin Ikor who died July last year.

Subsequently, process his retirement savings' contribution but awaits PenComm payment to the next of kin.

6. **Local Training:** During the year under review, the Bureau sustained capacity building at certain levels, as various hands-on trainings and professional trainings happened through January to December 2017. Yet, the periodic general Bureau's Staff local training remains in view to cover all staff members.
7. **Valuation of Bpp Obsolete Items:** In the year under review, the obsolete items like the air conditioners, printers, chairs, tables etc, were valued and set for boarding by the staff of Federal Ministry of Power, Works & Housing in the months of March, June and September.
8. **Recommendations:** There is need for Management to consider timely and periodic training / development of staff in order to add value to the Bureau. Similarly, we implore the Bureau to sustain capacity building, since human capital development remains key to optimal productivity and professionalism in the discharge of official duties towards actualizing organisational goals. However, I wish to commend the Management for providing an enabling environment for our teaming workforce and the magnanimity in providing timely relief items to members of staff not forgetting due promotion granted to all deserving officers.

Store Unit

The store unit under the management services of the Bureau has the following mandates:

- To authorize the quantity of item due to staff.
 - To sign the SRV, whenever there is a supply.
 - To ensure update of stores' books.
 - Issuing of items to user department.
 - Updating the stores' market survey list.
 - Raising requisition as required.
 - To take physical inventory of stock.
 - Stocktaking and storekeeping.
 - To ensure that the store is secured.
1. In carrying out its responsibilities in the financial year 2017, the Store unit had been quite eventful. They officers in-charge had carried out they core functions of the unit as required and other adhoc assignments assigned, such as distributing of welfare items to all members of staff, providing relief during meetings etc.
 2. The unit had performed excellently during the year under review, ensuring that there were materials available for the two scheduled conversion exercises in year, sensitization programmes, workshops, and other activities within and outside the Bureau.
 3. The store unit significantly executed her activities through the supervisory department, Finance & Management Services; the department had been instrumental to our service delivery. The store unit collectively discharged its responsibilities with the excellent work ethics stipulated on its work rules, by ensuring the receipt of best quality materials or items and issued to user departments when needed.
 4. Implied in our work schedule is the need to ensure materials are available at the right time ahead of the request of user department, which we maintained. Notwithstanding the lack of space, the storehouse accentuates the decorum required.
 5. Furthermore, the unit carried out inventory of the items on quarterly basis. Both the internal and external Auditors monitored the check and balances of the Bin cards and Ledgers. The scheduled officer carried out frequent supervision of available store items, effectively. The list of unserviceable items where

generated by the officers in the unit.

Transport unit

1. The Bureau had thirty- two vehicles but boarded six (6) in March 2016 leaving a total number of twenty- six (26) vehicles. The vehicles which includes; eight Toyota Hilux, three Peugeot 307, four Hiace Buses, one Pajero jeep, three Peugeot 301, Peugeot 408, Peugeot 508, two Innoson Pickup, two Nissan Pick-up, one Innoson IVM Saloon and Stallion Civic Bus. The Transport Unit has 15 drivers including two dispatch riders.
2. Six vehicles (one Toyota Hilux BPP 12, three Peugeot 307, one Pajero Jeep and one Hiace Bus) out of the 26 vehicles listed, had been identified to be unserviceable, hence, scheduled for boarding.
3. The Management of the Bureau donated the Stallion Civic Bus to the BPP Multi-purpose Cooperative.
4. There had been general maintenance, Servicing and repair of vehicles at when due.
5. Management approved renewal of eighteen cards out of the twenty Fuel Top-up cards in January 2017. There was subsequent replenishment of the cards in March, August and December 2017 respectively.
6. Fifteen drivers including two dispatch riders benefitted from non- accidental bonus as stated in the BPP Conditions of Services.

Maintenance Unit

Works carried out in the year under review 2017

- Replacement of Air conditioners
- Replacement of office furniture
- Fumigation exercise (at an interval of six months)
- Replacement of Drivers' furniture
- Replacement of electrical fittings
- Supply of diesel (11,000 liters twice)
- Replacement of some flowers and masonry work
- Repair of roofs
- Subscription of DSTV for DG and media office
- Purchase of some electrical fittings
- Renewal of Top-class Generators Maintenance contract
- Installation of rain collectors at main building
- Renewal of access control maintenance contract
- Payment of rent for Training center
- Maintenance of photocopiers and printers
- Maintenance of office intercom
- Daily sundry maintenance of the office

Registry Unit

The Registry unit's core responsibility is to keep record of all incoming and outgoing letters, files in the Bureau of Public Procurement (BPP) for ease of retrieval as required.

The activities of the Registry in the year under review includes the following:

- a. Systematic Filing of Project file
- b. Kept Record of all Personnel file of the Bureau
- c. Created Policy files for External Letters From MDAs
- d. The registry had been proactive in all its activities, with the limited space for project file, the unit created additional archive to accommodate document for easy retrieval and filing.
- e. Challenges: The major challenge facing the registry is shortage of space to accommodate the inflow of Project files from Ministries, Department and Agenices (MDA), there is also an option for the Bureau to adopt Digital Archiving System to curb excess documentation of papers. We also want to recommend for different colours of File jacket for easy identification of Documents.

Accounts Unit

Introduction

The Finance and Accounts Division serves as an adviser to the Accounting Officer on all financial information and matters. It is also responsible for the processing, recording and documentation of all payments as well as liaising with the Office of the Accountant-General of the Federation (OAGF) and other relevant agencies in relation to financial matters. The Division is headed by a Deputy Director Accounts, who reports direct to the Accounting Officer.

The main activities of the division are as follows:

- a. Ensuring compliance with Financial Regulations and the Accounting code by all staff under his control and supervision;
- b. Ensuring adequate supervision of the disbursement of funds and proper monitoring and accounting for revenue;
- c. Advising the Accounting Officer on all financial matters as well as the more technical provisions of these Regulations and other Treasury and Finance Circulars;
- d. (Maintaining proper accounting records such as book of accounts, Main and Subsidiary Ledgers;
- e. Ensuring prompt rendition of all returns e.g. consolidated Accounts (monthly transcript), Bank reconciliation statement, Revenue and Expenditure returns as prescribe in the Regulations;
- f. Compiling and defending of the budget proposal and ensuring effective budgeting control by matching/comparing budget figures with actual expenditure or revenue as the case may be and advice the Accounting Officer appropriately;
- g. Ensuring that all staff under his control are expose to regular training programmes to prepare them for the efficient performance of their duties;
- h. Liaising with the Accountant-General from time to time when in doubt in the interpretations of the provision of these Regulations and other Treasury Circulars or when confronted with difficulties in the performance of his duties;
- i. Ensuring the existence of an effective Audit Query Unit/Section to promptly deal with all queries from Internal Audit Unit, Inspectorate Department, Office of the Accountant-General, Office of the Auditor-General and the Public Account Committee; and
- j. Maintaining/keeping of all books of accounts

Rendering of Accounts

The division in 2017 rendered up-to date financial statements to the Office of the Accountant-General of the Federation.

Audit Monitoring/Supervision

The Office of the Accountant-General of the Federation (OAGF) carried out various statutorily audits and monitoring of financial records of the Bureau in 2017.

Audited Financial Records

The Bureau's accounts have always been audited in compliance with the extant rules since the granting of the Self-Accounting status. Accordingly, the audit of 2016 Financial Books of Accounts was successfully carried out in Year 2017. The financial and management reports were delivered to Office of the Auditor-General for the Federation and other relevant bodies as required by law.

Implementation of the 2017 Budgetary Provision

The Bureau was allocated the total sum of **N1,494,816,443.00** in the 2017 fiscal year. The breakdown is as follows:

Capital Expenditure: -	N584,917,603.00
Overhead Expenditure-	N600,059,898.00
Personnel Expenditure-	N309,838,942.00

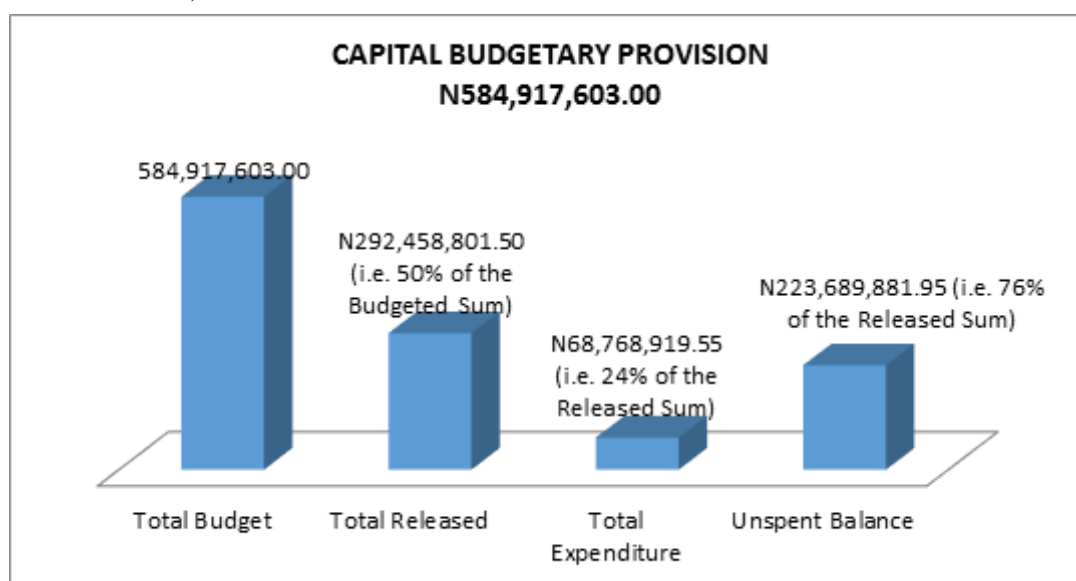

Total	N1,494,816,443.00
	=====

Status of Financial Position

Capital

The total sum of N292,458,801.50 was released to the Bureau from the capital vote of N584,917,603.00 representing 50% of the total capital budget. The capital vote is expected to run till the end of March, 2018.

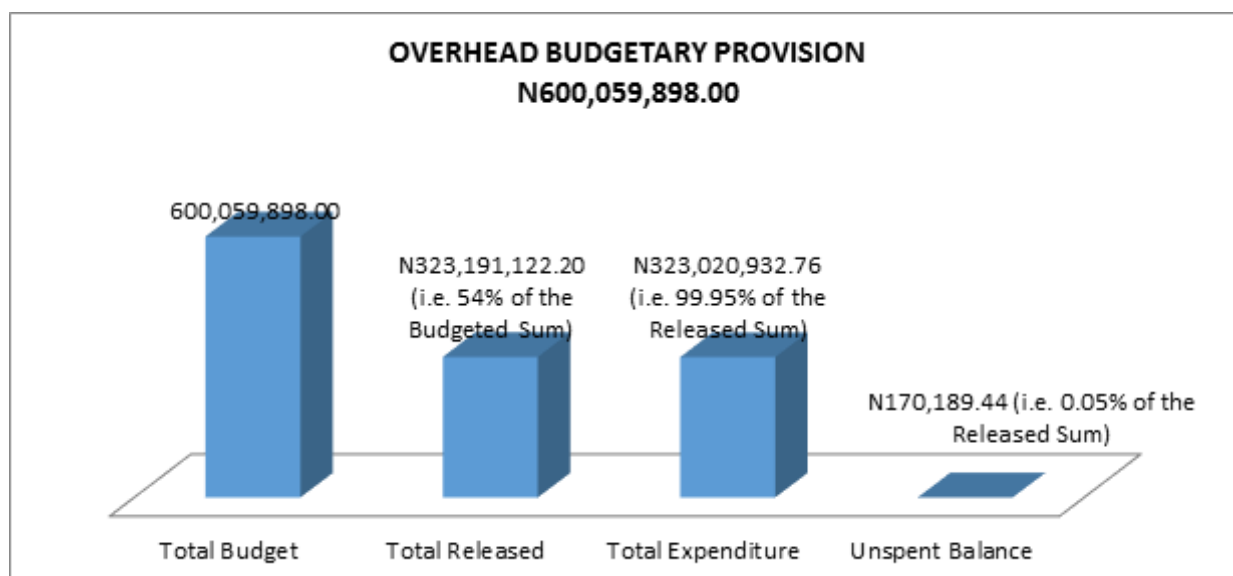

The total sum of N68,768,919.55 however, has so far been expended out of the released sum of N292,458,801.50; leaving a balance of N223,689,881.95. The percentage utilization of the released capital budget as at 31st December, 2017 was 24%.

Overhead

The total sum of N323,191,122.20 was released to the Bureau from the Overhead vote of N600,059,898.00 as at 31st December, 2017. This represented 54% of the total overhead budget. The sum of N276,868,775.80 being the balance of the overhead budget was not released.

The total sum of N323,020,932.76 representing 99.95% of the released sum of N323,191,122.20 was utilized. The balance of the unutilized fund as at 31st December, 2017 was in the sum of N170,189.44, which was returned to the Sub-Treasury of the Federation (STF) in line with circular ref. No. TRY A9&B9/2017 OAGF/CAD/26/V.111/116 dated 30th November, 2017.

Personnel

The payment of staff salaries and emoluments are done at the Accountant-General's office by the Integrated Payroll and Personnel Information System (IPPIS).

The sum of N383,232,885.00 was proposed for the Bureau's Personnel Budget in 2017. However, the sum of N309,838,942.00 was approved by the Budget Office of the Federation which was eventually passed into law by the National Assembly in 2017. The Bureau considered the sum grossly inadequate to cater for the payment of staff salaries to the end of the year under review.

In keeping with faith to ensuring that salaries of staff were not delayed, the Head of Accounts vide letter with reference No. BPP/DG/330 dated 13, 2017 wrote a letter to the Honourable Minister of Finance intimating her of the personnel budget shortfall. As a result of this, the salaries and emoluments of staff were fully paid in 2017.

Challenges

- Inadequate budgetary provision and abysmal release of monthly budgetary allocation to the Bureau.
- Access to GIFMIS package being hampered by slow internet reception in the Bureau.
- Lack of space and filing documents for storage of accounting information.
- The need to improve on training and retraining of the entire Finance and Accounts staff for efficient service delivery.

ICT Unit

Introduction

The year 2017 was interesting as the Information and Communications Technology (ICT) Unit continued to find innovative ways to continue moving forward with technology.

This Annual Report covers the activities of the ICT unit for the year 2017, which include the following:

1. Desktop and Server Virtualization,
2. Initiation of handover and sign-off process from Tech Specialist Consulting Ltd
3. Security
4. Website Administration
5. Microsoft Exchange server 2016 (outlook)
6. Support for network and services for applications and desktop
 - Helpdesk support
 - Hardware maintenance
 - Application maintenance and support
7. Management of backup solution for files, folders, applications and databases.

Background Information

The ICT Unit formulates and implement ICT policy for the Bureau of Public Procurement, including architecture, resources, and expertise in deploying modern information technologies to improve the Bureau' efficiency in achieving one of its mandate to introduce, develop and maintain related database and technology, in line with Section 5(q) of the Public Procurement Act, 2007.

The ICT Unit is responsible for much of the technical infrastructure that facilitates the Bureau's internal and external operations which include:

- Computer networks,
- Desktop and server support,
- Datacenter,
- Website,
- Information security
- Support/Helpdesk

Staff Composition

The Unit consists of Five (5) members of staff as follows:

S/N	NAME	DESIGNATION	JOB DESCRIPTION
1	Adebowale Adedokun	Assistant Director	Head (Coordinator)
2	Jamilu M. Abdullahi	PO I	System Administrator
3	Agulana Chike Victor	Programme Analyst I	System Administrator
4	Aliyu Muhammad Tukur	PO I	Network Engineer
5	Nsikak Umo	PO 1	Microsoft exchange Administrator

Goals and Objectives

The Ultimate goal of the ICT Unit is to provide infrastructure and support to the Bureau in achieving its mandate and objectives through the use of modern technology. Other objectives include:

- a. Managing and maintaining inventory for all Information Technology (IT) assets and resources including appropriate licensing and maintenance
- b. Providing an efficient platform to facilitate communication and interaction with the Bureau's stakeholders (Ministries, Departments and Agencies, Contractors and Consultants, Civil Society Organizations, etc)
- c. Maintaining an effective disaster and recovery plan for the Bureau
- d. Maintaining Backup and restoration system
- e. Provision of support for network and services for applications and desktops
- f. Provision of solid technology infrastructure as the fundamental building block of the Bureau's IT architecture to support reliability, performance and security of the Bureau's information assets
- g. Implementing policies for use of computer systems and network

Operations

1. Network Support Services

In performing this role in the year under review, the unit maintained systems that allowed the Bureau to function both internally and externally on a daily basis. These include:

- Upgrading communication infrastructure
- Installing new system
- Designing, installing, maintaining the communication, file sharing and general IT resources used by the Bureau
- Internal network management for capacity to meet business demand.

Other daily activities for the Network Support Services carried out include:

- Configurations assessment and Vlan reconfiguration on core switches
- Configuration of router and migration of internet link to router to the network
- Security policies like Anti-spam, IPS and Access was activated on firewall
- Fixing network faults
- Network maintenance
- Technical support for staff using the network
- Day to day administration and monitoring

System Administration

The unit also carried out system administration activities which include:

- Installation and upgrade of virtual infrastructure. Additional new 56TB HP MSA 2042 FC was installed on storage Area Network Hardware in Datacenter.
- Software configuration of SAN. Overhaul and reconfiguration of storage area network
- Creation of Vdisks and LUNs. Migration of services, collocation and removal of resources from unused server to VMHosts 1 & 2

- Allocation of LUNS to virtual infrastructure and servers
- Repair of hardware
- Configuration of Existing 9TB Storage Area Network to co-exist with new 56TB and aggregate storage as required for expansion.
- Deployment and Configuration of Backup and Recovery Services

Monitoring Services

The Unit performs daily monitoring of services to ensure efficiency and high performance.). The services being monitored include:

- Active Directory Services
- File Servers
- Microsoft Exchange server
- Webmail

Virtual Services

The unit also monitored and maintained virtual machines/servers (VMs) aimed at cost reduction for the Bureau. The virtual servers are housed in two (2) virtual hosts namely the **VM Host 1** and **VM Host 2** in a cluster and are managed through the **VCenter**.

Desktop Support Services

During the year under review, the unit supported over 100 personal computers and users, 23 network servers, and 50 printers. The unit also supported software packages used by the various departments.

System Security

The unit ensured protection against all risks lurking around every corner of a computer system. These include protection against viruses, spyware, malware, and hackers. The security software (**Symantec Endpoint Anti-virus**) tracks security events on a daily basis. These events range from someone trying to gain access to Bureau's computer resources, to viruses to dangerous software trying to steal confidential data, etc.

Part of the security measures implemented and carried out was restriction of access to some security-risk websites and applications.

Website Administration

The unit is in charge of the general administration of the Bureau's website (www.bpp.gov.ng). This involve content management for the website. Activities carried out include upload of news items, notices, advertisements. Records were regularly kept and updated for the Federal Executive Council (FEC) Approved Contracts, Certificates of "No Objection" issued by the Bureau, etc.

BPP Email Account (info@bpp.gov.ng)

The unit also oversees management of the BPP email account (info@bpp.gov.ng). This involved receiving and responding to emails which include complaints, petitions and enquiries.

Email Messaging and Collaboration

Monitoring and troubleshooting Microsoft Exchange Server which includes:

- Monitoring Exchange server 2016
- Troubleshooting Exchange Server 2016
- Managing Exchange server 2016 services
- Troubleshooting Mail flow

Software Development and Application Support

- Design and developing Procurement Officers Management system
- The purpose of this system is to create a data repository of all procurement officers in order to:
- Track the progress of procurement officers and know those due for training.
- Reward officers who have been outstanding and perform above expectations.
- Track Time spent in a particular MDA and know those due for posting.

Upgrading and redesigning BPP Official Website

- This is to redesign the current website in a view to make it more appealing and user friendly to the public.
- Design document submitted and reviewed.

Procurement Conversion Online registration

- The site is to enable all procurement officer partaking in the conversion training to be registered online and their details captured by the bureau before the training date;
- Functional specification and system design submitted
- Portal designed and hosted
- Database creation and configuration
- Procurement officer conversion registration page created and launched.

Initiation of handover and sign-off process by Tech Specialist Consulting Ltd

During the year under review, the process of handover and sign-off **Tech Specialist Consulting Ltd** was initiated. So far, the Bureau's staff understudying the Tech Specialist team have been assigned most of the IT responsibilities.

The Legal Unit

Introduction

The Legal Unit is made up of an Assistant Chief Legal Officer (Head of the Unit) Mrs Amaka Obinna, two principal legal officers, Mrs. Rabiat Ozigis and Mr. Timothy Njara Muje and a Senior Legal officer, Miss Oru Inebhar who provide legal services to the Bureau. The unit received few petitions as compared to last Year, and some of the petitions were settled at the Right of Reply meetings organized by the Bureau. The Unit also treated a few petitions jointly with the Compliance, Certification and Monitoring department.

Personnel

The Legal Unit has the following personnel: Assistant Chief Legal Officer, two principal officers and a senior legal officer.

Petitions/Requests/Clarifications

The Legal Unit treated few petitions/complaints, clarification and requests received at the Bureau. The total number of petitions treated by the legal unit in 2017 were 8, while clarification and requests were 18. The grand total of the petitions/complaints, clarifications and requests were 26.

Legal Representation i.e Number and status of Court Cases Handled

The Bureau had eight cases pending at the Federal High court. The Bureau's external solicitors are handling these cases.

The solicitors are: Abdulaziz Ibrahim & co. Okafor & Okafor, Maledo & Co., Haven Legal Consult, J.T.Tunoh & Co., Ulari Law Partners & Co., Find hereto attached the list of cases and the counsel handling them.

Concluded Cases

Out of the 8 cases, only 1 have been determined i.e Petroquip Nig.ltd Vs. BPP, Blackspring limited & Attorney General of the Federation. Suit No. FHC/HC/CS/630/2016

Duties

The schedule of duties of the unit include: Legal opinions, drafting of contract Agreements, Litigations, Right of Reply meetings, liaising with EFCC/ICPC in respect of request for investigations and treating of petitions jointly with the CCM department.

Other assigned duties

The Staff of the legal unit of the Bureau have attended several Right of Reply meetings within the Bureau.

Representational Duties (i.e) Duties Undertaken by Members of the unit on behalf of the DG or the Bureau in General

Please, find attached the list of representational duties undertaken by the legal unit on behalf the DG and the Bureau in general.

Challenges/Constraints

- i. Funding (External Solicitors)
- ii. Non-payment of our practicing fees, Branch dues and Stamp/Seal.
- iii. Non-attendance of Bar Conferences, both within and outside Nigeria.
- iv. If the Bureau would consider the above challenges, it will increase the capacity building and knowledge of the Unit in the discharge of its statutory mandate.

Conclusion

The Legal Unit have had its achievement in the Year 2017 due to support and cordial working relationship among the Staff which in one way or the other helped in delivering the mission, objectives of the Bureau in legal related issues.

Internal Audit

Introduction:

- 1.1. The internal audit unit of the Bureau of Public Procurement is presently being headed by Mr. Osemeka C. Anthony, a professional accountants and he is assisted by Mr. Nawo Idowu who is also a qualified accountant.
- 1.2. The internal audit is directly responsible to the Accounting Officer for a complete audit of the Agency's financial activities.
- 1.3. The Unit is charged with the functions of measuring and evaluating the effectiveness of all the internal control systems in the Bureau of Public Procurement (BPP), while also ensuring transparency and accountability.
- 1.4. The conduct of measuring and evaluating the effectiveness of all the internal control systems are facilitated by the audit staff in the Internal Audit Unit. These officers 'activities, duties and functions are recognized in the Financial Regulations and relevant Treasury Circulars.
- 1.5. The Internal Control Systems have its basis enshrined in the Financial Regulations chapter 1703, which states:

“The Internal Auditor in charge will be directly responsible to the Accounting Officer for a detailed audit of the accounts and records and for the examination of the systems and procedures in force. Initially he will submit to the Accounting Officer a detailed programme of audit and thereafter he will report monthly to the Accounting Officer on the progress of the Audit. He will also issue special reports, if necessary, when, in his opinion, the attention of the Accounting Officer and of the Accountant-in-charge must be called to any irregularity in the accounting records, or to an apparent weakness in the accounting procedure, or to any apparent in-attention to the reports of the Auditor-General, or to earlier internal audit report(s) issued by him”.
- 1.6. This shall also be enhanced by and other controls established by Management through extant regulations for the purpose of providing a complete and continuous audit of the accounts and records of revenue and expenditure, assets, allocated stores and unallocated stores in the BPP Headquarters.

Duties/Functions of Internal Audit Unit:

- 1.1. Therefore, in achieving its objectives, the following are the duties/functions of internal Audit Unit:
- 1.2. Undertake comprehensive pre-auditing of all payments and receipts vouchers;
- 1.3. Ascertain the extent to which the system of internal control ensures compliance with the Financial Rules, Regulations and extant Treasury Circulars, policies and procedures;
- 1.4. Ascertain that the system of internal control promotes the efficient and effective use of resources in the Bureau of Public Procurement Headquarters.
- 1.5. Ascertain that the system of internal control operates to ensure that the assets are properly controlled and safeguarded from losses arising from fraud, irregularity or corruption;

- 1.6. Ascertain that there are adequate controls to ensure reliability of accounting and other information as a basis for producing accounts and other financial returns;
- 1.7. Ascertain that there is an adequate internal control system to ensure the integrity and reliability of financial and other information provided to the Accounting Officer;
- 1.8. Confirm compliance with laws, regulations and Government Guidelines guiding expenditure of Public Funds.
- 1.9. Ensure transparency, probity and accountability in the government expenditure process by liaising with the management; and,
- 1.10. Prepare periodic Reports on monthly, quarterly, half-yearly, yearly and other report that would be required from time to time.

Achievements

- 1.1. Internal Audit Unit through its collective and collaborative efforts with that of the management staff were able to achieve the followings:
- 1.2. Ensuring the preparation of monthly Audit Reports.
- 1.3. Timely Pre-payment Audit of all payment vouchers.
- 1.4. Auditing of stores and ensure the update of stores records.
- 1.5. Complete and continuous Audit of Accounts book/Records.
- 1.6. Ensure the adequacy of internal control system in place.
- 1.7. Auditing of transport operating system and ensuring that the department records of safes and keys and the duplicates are well kept.
- 1.8. Advice the management on the appropriateness of adhering to the Appropriation Act in spending Government funds.
- 1.9. Use of Internal Audit Programme for yearly Internal Audit activities

However, FR 1701(iii) states:

“The existence of an Internal Audit Unit shall not divest any member of the ministry or extra-ministerial office and other arms of government of the individual responsibilities placed upon him, neither shall it obviate the necessity for normal departmental checks”.

Conclusion

From the foregoing, it is vividly clear that internal Audit Unit immensely played a key role in an organization like ours by ensuring that a reasonable assurance system, capable of putting checks to element of fraud and corruption is in place.

Osemeka C. Anthony (MBA, CNA, ACTI)
Head of Internal Audit

Servicom

Introduction

The report highlights the activities, duties and challenges of the unit for the period of January-December, 2017 and submitted recommendation that the Management may wish to acknowledge.

Staff Strength of the Unit

The Servicom unit in the Bureau is composed of two permanent staff, one support staff and a Corp member. This negates the SGF circular of 29 November 2012, which mandates the Servicom unit to be headed by at least a Deputy Director and three other staff. Nevertheless, see the list of staff in the unit;

- | | |
|-----------------------|---------------------------------|
| 1. Kiyah Maria Doubra | Nordal Officer (Servicom) |
| 2. Effiom Edem Effiom | Customer Relation/complaint Des |
| 3. Ekong Dorina Faith | Improvement Desk Officer |

Work Schedule of Servicom Unit

Some of the schedules of the Servicom unit in the Bureau are:

- To oversee the reception area of the agency.
- Tracking and monitoring assigned files to the various department and liaise with the Directors and Departmental Heads to resolve outstanding issues.
- Also the Unit was approved to be custodian of the suggestion/complaint box and key, to keep record of all complaints, comments, complements and suggestions by customers.
- Training and re- training of front desk officers on how to relate with customers in order to ensure good service delivery.
- To disseminate best practice and other tips on service delivery improvement within the organization.
- To attend to any adhoc assignment that may be assigned by management.

Achievements of the Servicom Unit in 2017

Some of the landmark achievements of the Unit are:

- The supervision of the reception area of the Bureau by Servicom Unit brought about a great improvement at the front desk.
- Tracked and monitored assigned files to the various departments/units and liaised with the Directors and Departmental Heads to resolve outstanding files.
- Monitoring/observation of the Bureau's programmes such as Conversion Training, Workshop and Retreat.
- Generate the Bureau's monthly Service Delivery Compliance Report to the Presidential Enabling Business Environment Secretariat (PEBEC)

Added Responsibilities and Tasks to the Unit

Following the Director General's directive that the Servicom Unit should avail themselves for any adhoc function that might be delegated by management; The Servicom Unit was assigned to work with the Human Resource department in monitoring movement of leave application form by staff member in order to guide against delay.

The corps member attached to the unit in the year, 2017 was part of the team that represented the Bureau in seminar to commemorate the world corruption day held at Sheraton Hotel Abuja; organized by United nations Office on Drugs and Crime (UNODC), European Union, The Presidency Inter Agency Task Team (Anti-Corruption-Agencies) and Embassy of The United States, Nigeria.

Files/work assigned by the DG to the various department

Files assigned to departments/units by the DG from January to December 2017 were collated and followed up by the unit to ensure that they were treated promptly as stated in their KPI. However, the unit observed that some files were treated beyond the stated time of three (3) days in case of letters and fourteen (14) days in case of review report due to improper documentation by the Procuring Entity.

The Media Unit

The Media/Public Relations Unit is the image making Unit of the Bureau. It interfaces on behalf of the Bureau with its numerous publics, especially the media. This Unit continues to play an active role in the public communication of the Bureau, resonating its anti-corruption programmes and activities via due process in the public procurement reform. An informed public is the one that plays by the rules. The Unit ensures that information of interest to the public on Public Procurement Reform and the PPA 2007 are readily available on the Bureau's website and other media platforms.

The Media/Public Relations Unit comprises Four (4) members of staff and Two (2) Corp members, namely:

S/N	Names	Designation	G.L
1	Mr. Segun Imohiosen	Assistant Director/Head Media	15
2	Mr. Augustine Anyasi	Chief Protocol Officer	9
3	Mrs. Dorina Faith Ekong	Higher Executive Officer (Information)	8
4	Mr. Kanu Praise Chukwuma	Executive Officer (Information)	7
5	Miss Fatima Ishaq Yahaya	Corp member	-
6	Miss Mariam Shehu Usman	Corp member	-

Here are the programmes undertaken by the Unit for the year 2017:

- The Media Unit played an active role on the Communication Working Group of the EU's EDF-funded Media and Support to Anti-Corruption in Nigeria (FED/2012/306-220)(NGAX60) project implemented by the United Nations Office on Drugs and Crimes (UNODC). The group comprised 14 Anti-Corruption Agencies (ACAs) and it aimed to sensitize the public on their different mandates, functions and accomplishments in the fight against corruption. Thomas Odemwingie (Media Consultant) and Dorina Ekong (Higher Executive Officer, Information) represented the Bureau on the Working Group until the programme drew its curtains on **September 9, 2017**.

They participated in the weekly meetings of the Group to generate ideas for two radio programmes on the fight against corruption. In addition, they designed the platforms on how to relate it to the newly introduced initiatives of the Presidential *Enabling Business Environment Committee (PEBEC)* before the programme rounded off.

a. Anti-Corruption Hour on Radio in Pidgin English

This aired from 4:30 to 5:00 PM every Wednesday, on WAZOBIA FM for a more audience-friendly channel and language as part of a comprehensive communication strategy to enhance the visibility of anti-corruption efforts. To enhance reach and feedbacks.

b. Anti-corruption Focus on Radio Link (FRCN)

This was a two-hour programme on the Network Service of the Federal Radio Corporation of Nigeria. The Bureau took part in two programmes on two Saturdays in October 2017 focusing on selected topics.

- The Bureau subscribed to 12 national dailies (Mondays - Fridays) and Federal Tenders Journal (fortnightly) during the year.
- In the year under review, about 500 news report concerning, or of interest to the Bureau were carried by the different national dailies in addition to that of Radio and Television and online media and these reports clips were bonded in a hard cover book for future references.
- The Unit produced and published two Compendiums of the Public Procurement Journal (PPJ)
- It also distributed the Journals to stakeholders in government, Private sector, the Media, Civil Society, International Development Partners (IDPs), Professional Bodies' and other stakeholders.
- The Bureau's website was regularly updated with reports and pictorial representation of activities of the Bureau as the events occurs.
- The Unit liaised with various media outfits through adverts and press releases to report/inform the

public on activities of the bureau in the year under review.

- The Bureau had different engagements, activities and programmes that were covered by the Unit. These events were eventually escalated to the media - Print, Radio, TV and Online platforms.

Other events covered by the Unit

- Debriefing on lot SMD/W5: supply, installation and commissioning of mobile radio monitoring equipment and national spectrum management system on January 17, 2017.
- Meeting with Computer Professional Registration Council of Nigeria on January 31, 2017.
- Working visit of the Chairman and members of House committee on Public Procurement to the Bureau on February 8, 2017.
- Director-General, BPP, Mamman Ahmadu and the Management team at the Green Chamber for Budget Defense on February 10, 2017.
- The Management of Nigeria Deposit Insurance Corporation (NDIC) on a working visit to the Bureau on February 10, 2017.
- The National Coordinator, SERVICOM on a courtesy visit to the Bureau on February 23, 2017.
- Presentation of awards for the best male/female candidates of First Batch of 2016 conversion training for the procurement officers in MDAs on February 28, 2017.
- Bureau of Public Procurement management & technical staff inspection of the Nnamdi Azikiwe international Airport runway rehabilitation on March 30, 2017.
- Familiarisation visit by the Vice-Chancellor of University of Abuja on the April 21, 2017
- UNODC meeting on Anti-corruption at Ministry of Justice on July 13, 2017.
- Bureau of Public Procurement meeting with the World Bank at the Bureau's Head Office in Abuja on July 14, 2017.
- BPP training at the Defense Procurement Seminar at Defense Head Quarters on August 10, 2017.
- Working visit of Implementation team of Open Government Partnership (OGP) on August 23, 2017.
- Working visit of the Federal Mortgage Bank of Nigeria (FMBN) to the Bureau on September 7, 2017.
- Working visit of the Open Government Partnership (OGP) to the Bureau on October 11, 2017.
- Courtesy call by the Chief of Army Staff (COAS) and his team to the DG, BPP, Mamman Ahmadu and the management staff of the Bureau on October 23, 2017.
- Familiarisation visit by the Management staff of the Bureau to Yaliam Printing Press on November 8, 2017.
- Working Visit of Inter-Agency Task Team (IATT) to the Bureau on November 8, 2017.
- Familiarisation of Nigerian Association of Women Journalist (NAWOJ) to the Bureau on September 9, 2017.
- The International Anti-Corruption Day Celebration (Facilitated by The UN/TUGAR) held at Shehu Yar'Adua Centre in Abuja on December 11, 2017.

Regulations and Database Department

Introduction

The Regulation and Database Department (RDB) is one of the eight (8) departments in the Bureau. R&DB Department is tasked with the responsibility of contributing to the successful implementation of the functions of the Bureau as stipulated in Section 5 of the Public Procurement Act, 2007. The department has enormous responsibilities which includes Implementation of Executive Order, Open Contracting, E-Procurement and Enterprise, Procurement Management System, Archival System, National Database of the Particulars and Classification and Categorization of Federal Contractors and Service Providers among others.

Staff Strength

The department is currently made up of Five (5) staff with Two (2) Ad hoc staff from (ITC) bringing the total number to Seven (7) staff. The current staff strength is as shown in Table 1 below:

Present Staff Strength of Regulation and Database Dept (2017)

S/N	Name	Designation	Grade Level
1	Aliyu E. Aliyu	Deputy Director	16
2	Mr. Adesina Mokuolu	Senior Procurement Officer	10
3	Mr. Mansur Mamman	Procurement Officer	9
4	Mr. Godwin Yanshak	Procurement Officer	9
5	Mr. Ikenna Ilogbaka	Procurement Officer	9
AD-Hoc Staff			
6	Mr. Jamilu Abdullahi	Procurement Officer	10
7	Mr. Agulana Chike	Programme Analyst	10

Procurement Management System (PMS)

1. Creation of users from Ministries, Departments and Agencies (MDAs) for access to the PMS
2. Resolved complaints from users on the use of PMS
3. About 34 MDA's requested for access to the platform

Procurement Planning & Procurement Records

1. Analysis of Procurement Plan and Procurement Records submitted by MDAs
2. MDA's requested Publication of the updated Procurement Plans and Procurement Records of the MDAs
3. The Bureau received only 49 Procurement Plans for Year 2017 and 63 procurement records from MDA's for 2016 records

Archiving System

1. Uploaded and archived about 125 Certificate of “No-Objection” issued by the Bureau into the Electronic Document System of the Lotus Notes.

CCSP Database

1. Database Administration; (a) Verification of submitted claims by the Contractors Consultants and Service Providers (CCSP) in CCSP National Database and (b) Retrieval of Jobs Claims by Contractors in CCSP Database
2. The total number of registered companies on the database from 2012 to date is as shown below:

YEAR	NO. OF INITIAL REGISTRATION	NO. OF COMPANIES COMPLETED
2012	311	23
2013	940	84
2014	3423	552
2015	8467	2166
2016	22592	7921
2017	16861	8910
TOTAL	52594	19656

3. Co-coordinating the registration of Contractors, Consultants and Service Providers (CCSP) in the National Database, generating various reports by querying the database as per need
4. Drafting of Letters to MDAs for Verification of Jobs Claimed by Contractors Consultant and Service Providers (CCSP) in the CCSP Database
5. Database backup and maintenance
6. System support - receiving and responding to complaints, feedback and inquiries from users of the CCSP Database;
7. Generates of reports and querying;
8. Developed physical verification templates for verification of Personnel and Equipment claims of the CCSP.
9. Requested and obtained nominations of professionals of high integrity from selected professional associations to participate in the physical verification of claims of Personnel and Equipment submitted by CCSPs that have completed their registration on the National Database.
10. Organized and conducted a briefing session for the nominated verifiers on the expectations of the verifications exercise.
11. Successfully coordinated and managed the physical Verification exercise conducted by the nominated verifiers on the claims of the CCSPs
12. Served as CCSP Help Desk by providing help in resolving issues and complaints from CCSP Users for the difficulties encountered while using the CCSP Database for Registration

Content Management for the BPP website

1. Uploaded news, notices, pictures of events and adverts on the BPP website;
2. Created new menu items , sections and categories on the website;
3. Responded to feedback and inquiries from visitors on the website;
4. General website administration

IMPLEMENTATION OF ELECTRONIC GOVERNMENT PROCUREMENT (e-GP) PROJECT

The Bureau of Public Procurement (BPP) as part of its functions as stipulated in Section 5(q) of the Public Procurement Act (PPA), 2007, the Bureau is mandated to introduce, develop, update and maintain related database and technology with the aim of achieving its objectives of attaining transparent, fair, competitive and value for money practices for the procurement and disposal of public assets and services. Hence the introduction of e-Government Procurement (e-GP) by the BPP.

In the light of the above, BPP also intends to integrate all its existing public procurement software applications towards full realization of e-GP System. In the pursuit of this mandate, the Bureau held a Workshop on e-procurement from the 29th to 31st August, 2016 preparatory to the take-off of the implementation of e-procurement by Federal Government. The Workshop was also supported by the World Bank and African Development Bank who provided international e-procurement experts in addition to the experts invited by the Bureau from the United Kingdom and Canada. During the Workshop, the e-procurement Readiness Assessment Report was extensively deliberated upon by participants that included Civil Society Organisations, Professional Bodies, Contractors, Consultants, Suppliers and Heads of Procurement and IT Units of Ministries, Departments and Agencies (MDAs).

In addition to the above measures taken by the Bureau which are pre-requisite to the successful implementation of the e-procurement system, the Bureau in collaboration with the National Information Technology Development Agency (NITDA), is currently undertaking a Technical Audit of the IT Infrastructure of the Bureau and that of the six (6) Pilot Ministries with a view to making necessary adjustments and upgrades that will facilitate seamless implementation of e-procurement in these pilot Ministries in the first instance and the entire Country in the very near future.

In the same vein, the e-Government Procurement (e-GP) Technical Adviser (TA) was engaged by the Bureau with the support of the African Development Bank (AfDB) vide letter dated 14th July, 2017 to provide technical advisory services to the BPP in the course of implementation of the e-GP Project. Subsequently, the e-GP TA came to Nigeria for his inception visit in line with the signed contract between 13th and 18th August, 2017. Thereafter, TA forwarded his Inception Report and Claims for first payment vide e-mail dated 10th and 28th September, 2017 respectively. The project is expected to progress to the solicitation stage for the IT firm (developer) that will develop the e-GP software amongst other activities in the project implementation strategy.

Regulations Issued

The Department developed and caused the issuance of the under listed Circulars by SGF:

1. Submissions of Procurement Records for 2016 Financial Year, Procurement Plan for 2017 and Commencement of Procurement Activities for 2017 issued on 12th January, 2017
2. Use of Standard Bidding Documents and Adoption of its General Conditions of Contract and Specific Conditions of Contract in Contract Agreement issued on 24th October, 2017
3. Use of Standard Bidding Documents and Adoption of its General Conditions Of Contract And Specific Conditions of Contract In Contract Agreement. Standard Procurement Processing Time for All Federal Ministries, Departments and Agencies.
4. Professional Journal on Publication

Other Departmental Support

1. Assisting other Departments in review of Projects request for Certificate of “No Objection”
2. Carrying out Valuations of Properties (by Calculating the market value of the properties) in reviewing request for “No Objection” Certificate to purchase Properties by MDAs
3. Also served as member of the Evaluation Team for the Procurement of External Auditors to BPP
4. Assisting the BPP Procurement Unit through preparing Specifications, TOR and Standard Bidding documents used for procurements

Inter-Agency Collaborative Activities

1. The Department worked on the Inter-Ministerial Technical Working Group on Implementation of Executive Order – 03 to develop the Implementation Guidelines for the EO-03 in collaboration with many MDAs coordinated by the Federal Ministry of Industry Trade & Investment (FMITI). Consequently, the BPP drafted a Circular on “Implementation Of Executive Order – 03 “Support For Local Content In Public Procurement By Ministries, Departments And Agencies (MDAs) Of The Federal Government Of Nigeria”: Local Content Solicitation Procedures And Documents” to guide all procuring entities in implementing the EO-03.
2. The Department was also involved in discussions and meetings with the World Bank Team and the Federal Ministry of Finance on the development of Nigeria Fiscal Governance and Institutions Project (P163540). A number of submissions have been made to both Federal Ministry of Finance and the World Bank on the next level of BPP's Procurement Reform.
3. The Department worked with the Enabling Business Environment Secretariat (EBES) of the Presidential Enabling Business Council (PEBEC) on implementation of a number of procurement reforms. The details of the reform activities as contained in the National Action Plans 1 and are enumerated below:

S/n	Initiatives	Actions
1	Issue a clear set of guidelines for small businesses to offer services to government while they still meet their legal obligations	Public announcement of initiatives and progress
2		Make contractors aware of National Shopping Documents through stakeholder events
3		Clarify the Pencom act requirements for minimum employee with Attorney General
4		Conduct Sensitisation Fora for MSMEs on processes and documentation requirements
5	Clarify necessary documentation for small businesses	Conduct Sensitisation Fora for MDAs on processes and documentation requirements
6		Issue circulars to MDA Procurement Heads on appropriate documentation for small business
7	Ensure strict adherence by MDAs to processing times as laid out in the standard procurement procedures	Issue circulars to MDA Heads and Procurement Heads on timelines for procurement tenders
8		Continuous Monitoring of adherence to processing times
9		Surveys with contractors/consultants to determine compliance with the identified timelines

1. The Department prepared submissions towards the development of project document for the “Support to the Rule of Law in Nigeria Project” being implemented by the British Council and funded by the European Union (EU) 11th EDF whose objective is to enhance good governance in Nigeria by contributing to strengthen the rule of law and curbing the prevalence of corruption. The BPP's specific

10	Sensitize businesses on appropriate complaints channels when payments are delayed	Make contractors aware of complaints channels through stakeholder events
11	Ensure MDA user departments comply with laid down procedures	Issue circulars to MDA Heads and Procurement Heads on strict adherence to tender procedures
12		Continuous Monitoring of adherence to procedures
13		Surveys with contractors/consultants to determine compliance with the identified procedures
14	Strengthen the sanctioning or prosecution process for erring MDAs	Submit written procedures for identifying and sanctioning MDAs that persistently or seriously breach provisions of Procurement Act
15		Submit written procedures for identifying and prosecuting businesses that persistently or seriously breach provisions of Procurement Act
16		Review, and if necessary, revise procedures for identifying and sanctioning erring MDAs
17		Review, and if necessary, revise procedures for identifying and prosecuting erring businesses
18		Ensure revised procedures result in sanctions/prosecutions in line with the Public Procurement Act

output is to ensure improved effectiveness, efficiency and transparency in the area of public procurement under Component 3: Strengthening the anti-corruption sector in key thematic areas.

Implementation of Open Government Partnership (OGP)

1. The BPP with the support of the United Nations Development Programme (UNDP) trained over 40 Civil Society Organisations (CSOs) working on accountability and transparency on Access to Information on 'Open Contracting and how CSOs can use it for procurement monitoring'. This training resulted in the inauguration of the Public Procurement Monitoring Working Group (PPMWG) in 2015 with Memorandum of Understanding (MoU) signed and targeted towards strengthening monitoring and reporting on public finance expenditure by citizens at all levels. The PPMWG co-created with the BPP in the development of the Nigeria Open Contracting Portal (NOCOPO), ensure its effectiveness, active operation and interoperability with other data banks such as the Beneficial Ownership (BO) being developed by CAC, its sustainability and citizens access it. (BPP & PPMWG) It is still an ongoing process. This held in June, 2017.
2. Step-down trainings on Open Contracting and Procurement Monitoring were conducted by BPP in collaboration with trained CSOs such as Africa Network for Environment and Economic Justice (ANE EJ) for other 50 CSOs working at local community levels. ANEEJ workshop provided opportunity for BPP to present the NOCOPO at the early stage of development to CSOs and got useful feedback.
3. The basic version of the NOCOPO was deployed on the BPP Data Centre and available to the public at: <http://nocopo.bpp.gov.ng/>
4. In line with this commitment, the PPMWG has been revitalized to partner with the organized private sector to effectively engage with BPP to fully implement platform, interface with priority MDAs

implementing open contracting and sensitize the public on the platform, its existence and usefulness in improving service delivery, good governance and social welfare. To this regard, a meeting was held on 12th October, 2017 at BPP's office to discuss modalities for engagement.

5. The BPP trained Heads of Procurement Departments MDAs within the priority sectors on the Open Contracting and the features of NOCOPO on 23rd of August, 2017. Institutions trained included Federal Ministry of Health; National Primary Health Care Development Agency (NPHCDA), Federal Ministry of Education, Universal Basic Education Commission (UBEC); Federal Ministry of Power, Works & Housing, Ministry of Petroleum Resources, Nigeria National Petroleum Corporation (NNPC) and Nigerian Extractive Industries Transparency Initiative (NEITI). The second NOCOPO training, which was organised by BPP and had Open Contracting Partnership and One Campaign facilitated, was held on 12th October, 2017 for procurement officers within the eight (8) pilot sector to train them on Open Contracting Data Standard (OCDS) Use Cases as applicable to government/procurement officers and features of NOCOPO.
6. Other CSOs member of the PPMWG in different parts of the country such as: Media Rights Agenda, PPDC, Women's Organisation For Development and Empowerment of Communities (WODECO), have also been very active using the knowledge gained in previously held trainings, for monitoring public procurement in various sectors such as education, health, infrastructure, etc.
7. The BPP and PPMWG collaborative initiative on NOCOPO won a global Government Innovation Award in June, 2017 following an Open Contracting Innovation Challenge organized by the duo of Open Contracting Partnership and Open Data Institute (Web source: <https://www.open-contracting.org/news/government-innovation-award-winner-six-grand-prize-finalists-open-contracting-innovation-challenge-announced/>)
8. The BPP, represented by Mr. Aliyu E. Aliyu and Mr. Mokuolu Adesina, was presented the Global Innovation Award at the 2017 Global Open Contracting Conference in November, 2017 at **Amsterdam, Netherlands**
9. The BPP team was invited by **Sierra Leone** Transparency International to conduct a Peer learning & Experience sharing for Sierra Leone OGP on implementation of Open Contracting Commitment of their OGP, held on **22 November, 2017 at Freetown, Sierra Leone**

Other Activities

1. Represented the Bureau in Bid Opening exercises
2. Presented Paper Bills of Quantity and Performance Guarantees in Contraction Contracts Training on Bid Rigging and Collusion in Public Procurement organised by the UNODC Support to Anti-Corruption in Nigeria (FED/2012/306-220) (NGAX60) - 10th EDF held between 1st and 2nd February, 2017
3. As Working Group Members of the Open Government Partnership (OGP), participated at the meeting on development of the 2017 OGP Work Plan and Consultation on Beneficial Ownership Framework held between 7th to 9th February 2017
4. Resource Person at the Training on Fighting Corruption in Public Procurement organised by United office of Drugs and Crime (UNODC) with Paper presentation on The Engineer's Anticorruption Responsibility in Construction Project, E-Government Procurement in Nigeria, Procurement Cycle held at Dover Hotel, Lagos from 1st to 3rd March, 2017
5. Government Retreat for CEOs of MDAs on Enterprise Systems organized by Galaxy Backbone and Oracle at the Renaissance Hotel by Marriot Ikeja from 16th - 18th March, 2017
6. Participated at the High Level Public Procurement Forum and Electronic Procurement Conference which took place between 3rd to 7th April, 2017 at Grill Gallagher Convention Centre Midrand Johannesburg, South Africa
7. Presented a Paper on "Delayed Payments to Contractors and Implications for High Project Cost - Suggested solutions at the Quantity Surveyors Registration Board of Nigeria's 2017 National Project Cost Reduction Summit REIZ Continental Hotel Central Area Garki Abuja held on 20th to 21st April, 2017

8. Skills-Building Training on Managing Project-Implementation Risks in Transition States, held on 24th to 28th April, 2017 in Lagos and organized by the African Development Bank (AfDB)
9. Participated in the Country Peer Review of Implementation of the United Nations Convention Against Corruption by Cote d'Ivoire and Myanmar at HAGF Conference Room, Federal Ministry of Justice, Abuja held on 10th to 12th May, 2017
10. Special Session on Focus Workshop on the Operationalization of the Executive Order-01 2017 at the Conference Room, Office of the Secretary to the Government of the Federation, Shagari House, Three Arms Zone, Abuja held on 5th July, 2017
11. One-day Civil Society Round Table Towards Increasing Access to Information in the Nigerian Security Sector organized by CISLAC in collaboration with Transparency International supported by UK CSSF of the Foreign and Commonwealth office at Sandralia Hotel, Abuja held on 12th July, 2017
12. Presented a Paper at a Two-Day Seminar on Military Procurement at Nigerian Army Resource Center, Asokoro, Abuja 3rd to 4th August, 2017
13. Represented the Bureau at the Meeting of the Fiscal Transparency and Accountability Thematic Working Group at the General Conference Room, 4th Floor Ministry of Budget and National Planning held on 8th August, 2017
14. Represented the Bureau at the Meeting on Nigeria's outstanding on its Obligations to the World Trade Organizations (WTO) at the Federal Ministry of Industry, Trade and Investment held on 16th August, 2017
15. Represented the Bureau at a One day Workshop on Executive Order 003 (Local Content Policy) and Procurement Reforms at Manufacturer Association of Nigeria (MAN) building in Ikeja, Lagos which was held on 29th August, 2017
16. Participated as Panel Discussant at the SACE 2.0 Mindset Series with Focus on Innovation in Governance organized by USAID and supported by PIND at the Sheraton Hotel, Lady Kwali Way, Wuse Zone 4, Abuja
17. Presented Procurement Requirements paper at a One-Day Interactive Session Organised by the Ministry of Petroleum Resources on Public Procurement (Tower D) on 24th October, 2017
18. Made presentations on opportunities, barriers and overcoming challenges to women owned business in public procurement at UN Women Policy Dialogue Women and Affirmative Procurement in Nigeria at the Bolton White Hotel, Abuja held on 31st of October, 2017
19. Made presentations on the following topics at the National Council for Women Societies (NCWS) Nigeria Annual National Workshop on Ease of Doing Business in Nigeria and VAIDS - Empowering Women on Ease of Doing Business in Nigeria and VAIDS at Wetland Recreation Centre, Yola Adamawa State which took place between 21st to 22nd November, 2017: (a) Overview of Public Procurement Act and Support for local content in public procurement by Government; (b) Procurement of Consultancy Services, Goods, Scientific/Technical Equipment, Mechanical/Electrical Works, Building/Civil Engineering Project; and (c) Preparation/Evaluation of prequalification and bids, Expression of Interest and Proposals, Procurement Procedures for PPP Projects, Problematic Areas, Procurement Procedures for Design, Build and Operate.
20. Transforming Government Contracting: Two-day Global Meeting Open Contracting which took place in Amsterdam, Netherlands from 28-29th November, 2017
21. Represented the Bureau at the National Dialogue on Corruption and Poverty and Launch of Strengthening Citizen Resistance Against Prevalence of Corruption (SCRAP-C) in Nigeria meetings Held at Chelsea Hotel Organized by ACTIONAID held on 28th December, 2017

Challenges

- i. The Regulation and Database Department experienced challenges in collating review reports from reviewing departments
- ii. Non-completion of registration by majority of those that have accessed the national database
- iii. The CCSP encountered mailing problems to service providers.
- iv. Contractors Consultants and Service Providers need more sensitization on the platform.

Federal Executive Council (FEC) Approved Contracts For FY 2017

S/n	Item/service	Name of company	Implementing agency	Cost	Date	Duration

Ensuring Transparency, Competition and Quality in Nigeria's Public Sector Procurement

More than ever before, doing business in Nigeria is now transparent, competitive, and quality oriented. The nation is achieving value for money, witnessing less corruption and there is now more accountability in the public expenditure process. Though the Bureau of Public Procurement (BPP), the government places emphasis on fair processes, maximum efficiency and a corruption-free environment. This is why the environment is now more welcoming for foreign investors.

BUREAU OF PUBLIC PROCUREMENT (BPP)

...Ensuring economic efficiency, healthy competition and increased transparency are our watch words
